MEDICAL CHARITIES, IRELAND.

FIRST ANNUAL REPORT

OF THE

COMMISSIONERS OF IRISH POOR LAW,

UNDER 14 AND 15 VICT., CAP. 68.

TO HIS EXCELLENCY EDWARD GRANVILLE

EARL OF ST. GERMANS,

Lord Lieutenant-General and General Governor of Ireland.

Dublin, 15th February, 1853.

MAY IT PLEASE YOUR EXCELLENCY,

WE, the Commissioners for administering the Laws for Relief of the Poor in Ireland, submit to your Excellency, in pursuance of the 20th section of the statute 14 and 15 Vic., cap. 68 (the Medical Charities Act), the first General Report of our proceedings under that Act.

2. The section of the Act referred to requires us to submit to the Lord Lieutenant, annually, a General Report of our proceedings under the Act, including the total Expenses incurred in Ireland and in each Union, in carrying it into execution each year; together with a List of all Districts and Dispensaries under the Act, and the total Annual Expense of each.

3. It is not yet possible for us fully to comply with these requirements, because no Dispensary District has yet been one year under the operation of the Act. Owing to their anxiety to carry out the benevolent intentions of the Legislature, and to the promptitude with which they performed their part in making the preliminary arrangements, the Boards of Guardians of a considerable number of Unions put it in

our power to proceed in the declaration of their Dispensary Districts before or very soon after the end of December, 1851. We accordingly declared the Dispensary Districts of the Belfast Union on December 30th in that year, and empowered the Guardians of that Union to place the maintenance of their Dispensaries on the Poor Rate, at any time subsequent to the 28th day thereafter. In other Unions, the same thing was accomplished at various periods up to May 27th, 1852.

4. At this date, the last declared Dispensary Districts, those of the Tralee Union, were declared by us, and the Guardians were empowered to bring the Act into full operation after twenty-eight days from that date.

5. Under the circumstances just alluded to, the statement of Expenditure in the present Report* will be limited to the period extending from the 12th November, 1851, when our proceedings under the Act commenced, to the 29th of last September, the latest half-yearly period to which the Union Accounts have been made up. In our future Reports, similar statements will run from the 29th September of one year to the same day in the following.

6. On the 12th November, 1851, the day on which the Poor Law Commission, as modified by the Medical Charities Act, was legally constituted, we addressed a Circular to all the Boards of Guardians in Ireland, directing their attention to the 6th section of that Act, and requiring them to proceed, with all reasonable despatch, to divide their respective Unions into so many Dispensary Districts, having regard to the extent and population of such districts, as might to them appear necessary. With the Circular was forwarded a Form of Return, in which, under different heads, such particulars of information were requested from the Guardians, as were necessary to enable us to form a judgment respecting the propriety of adopting the proposals to be submitted by them to us, in regard to the division of the Unions into Dispensary Districts, the salaries of Medical Officers, and the other preliminary arrangements. At the same time, we requested to be furnished with such information respecting the then existing Dispensaries, as was requisite to guide us in regard to giving or withholding our sanction of the arrangements to be proposed by the Guardians, and to enable us to carry out, in the considerate spirit obviously intended by the Legislature, the 14th section of the Medical Charities Act, whereby we were empowered to appoint, if we thought fit, for the service of the new Dispensary Districts, the Medical Officers whom

* App. B, No. 2.

we found in possession of Dispensaries under the Grand Jury system, although such Medical Officers should not be possessed of the professional qualifications which we should require from candidates for appointment to similar situations, by the Committees of Management of Dispensary Districts, in the case of vacancies. A copy of the Circular, and Form of Return here referred to, will be found in the Appendix.*

7. In deciding upon the order in which we should take up the different Unions, with the view of declaring their Dispensary Districts, and putting the Act in force in them, we were chiefly influenced by the fact with which we were soon made acquainted, that in many Unions, some or all of the existing Dispensaries were without funds; their subscribers having withdrawn, and as a consequence, the Grand Jury grants having fallen to the ground, on the passing of the Medical Charities Act. In those Unions where we thus found the Dispensaries with their funds for a greater or less length of time exhausted, we were most anxious to transfer the maintenance of these institutions to the Poor Rate as speedily as was consistent with a careful examination and weighing of the Guardians' proposals, of the correspondence with the Boards of Guardians, and with individual Guardians, Clergymen, and others, who frequently addressed us on the subject of the proposed arrangements.

8. At the date already mentioned, (viz., May 27th,) the declaration of Dispensary Districts was completed. A copy of the general form of Order declaring the Districts, and providing for the necessary preliminary arrangements, will be found in the Appendix.† In the great majority of instances, we sanctioned the scheme proposed by the Guardians, without alteration. In a considerable number of cases, the result of our correspondence with the Guardians on the subject, was, that they adopted modifications, often containing, as we thought, important improvements of the arrangements first proposed by them. In a small number of Unions, (viz., ten,) finally, we found ourselves under the necessity of overruling the propositions of the Guardians and taking into our own hands the division of the Unions into Dispensary Districts.

9. The total number of Dispensary Districts declared is 723; of which 208 are in Leinster, 215 in Ulster, 95 in Connaught, and 205 in Munster. The greatest number of Dispensary Districts declared in any Union is ten, which occurs in two instances. The smallest number is two, which occurs in 21 instances. In a very small number of cases, we objected to a division of a Union proposed by the Guardians,

* App. A, No. 1, 2. † App. A, No. 7.

on account of the number of Districts being too great. In one instance, the Guardians proposed to form each Electoral Division in the Union into a Dispensary District. In a much larger number of cases, we objected on account of the number of Districts proposed being too small. In several instances it was proposed to form the entire Union into one Dispensary District. In several of the cases in which we considered the size of some of the Districts proposed too great, we yielded to the Guardians, but provided for the appointment of a second Medical Officer, or an Apothecary, or both, so as, in such cases, to secure efficient attendance on the sick poor, notwithstanding the large area and population of the Districts.

10. In the exercise of the discretionary power vested in us by the 14th section of the Medical Charities Act, to appoint, if we thought fit, to the new Dispensary Districts, the Medical Officers whom we should find in possession, in the same localities, of existing Dispensaries, though not possessing the professional qualifications required by us in cases where the Managing Committees were to appoint in the event of vacancies; we, after due inquiry in every case, appointed, in a large majority of the whole number appointed by us, persons who possessed, fully, the qualifications required where Committees appoint. In some cases, we appointed persons whose qualifications did not quite come up to the standard required by our Regulations; and in two cases we appointed persons who possessed no professional qualification tested by examination by a competent authority. In no instance, however, did we exercise our discretionary power in favour of these persons, without a careful inquiry in regard to the character they had acquired for professional skill in their respective Districts, and the length of their previous service as Dispensary Officers; and we declined to appoint in some few cases of this nature, leaving the appointment of Medical Officer to be made by the Committee of Management.

11. The constitution of the Managing Committees of Dispensary Districts, is partly fixed by the 7th section of the Act; which enacts, that the Guardians resident in the District, together with those who possess or occupy property therein, shall be ex-officio Members of the Committee. The preceding section requires us to declare the number of members of which the Committee shall consist; and in the event of the number of ex-officio members falling short of the numbers fixed by us, the Guardians are directed to elect from amongst the Rate-payers, resident in the District and liable to pay

Poor Rates in respect of property therein of the net annual value of £30 at the least, so many persons as may be necessary to make up the number fixed in our Order declaring the Dispensary Districts in each Union. The principle which guided us in fixing the number of the Committee was this: having in each case ascertained the number of persons entitled to sit on the Committee, ex officio, and the number of these that were resident in the District, we in every case raised the number of the Committee somewhat above this, with the view and in the hope that the Guardians, in their selection of persons to make up the full number of the Committee, would choose those who they had reason to know would take an active interest in the well-working of the Dispensaries, for the benefit of the sick poor, and for the protection of the Rate-payers against the expense of providing gratuitous Medical Relief for persons not justly, in accordance with the intentions of the Legislature, entitled to receive it, at the same time that we provided for the selection of a sufficient number of Rate-payers, in addition to the resident Guardians and other persons authorized to issue tickets for Medical Relief, to admit of sufficient facility being afforded for obtaining such relief by those who are fit objects for it.

12. By the 12th section of the Medical Charities Act, we are empowered and directed, with all reasonable despatch after our first appointment under the provisions of the Act, to frame such General Rules and Regulations for the Government of each Dispensary District, and for the guidance and control of the Guardians, the Committees of Management, and the several Officers to be appointed in connexion therewith respectively, and to alter and revoke such Rules and Regulations, and to make such new Rules and Regulations from time to time, as we may think fit. In obedience to these directions, we framed and issued early in this year, the Rules and Regulations, of which a copy will be found in the Appendix,* and which were issued from time to time to the Unions in which the Dispensary Districts had been declared. In these Rules and Regulations we provide for the orderly conduct of the business of the Committees, by Articles 1 to 12 inclusive. We direct the Guardians to fix the time and place of the first meeting, and the Committee, at that meeting and annually at every first meeting after the appointment of a new Committee, to appoint a Chairman, Vice-Chairman, Honorary Secretary, and Honorary Assistant Secretary.

13. The duties of Secretary having been assigned by our regulations to Honorary Officers, several applications came

* App. A, No. 28.

from Committees for our sanction to their appointing paid officers to conduct the correspondence of Committees, and to perform the other duties of Secretaries. Being of opinion, that in framing the Medical Charities Act, it was not intended to authorize such appointments, we have in every case refused our consent to them.

14. Other of the first twelve articles of the Rules and Regulations prescribe the intervals with which the ordinary meetings shall be held; the manner in which adjourned and extraordinary meetings shall be summoned; and the manner in which the business of the ordinary meetings shall be conducted.

15. The next three articles regulate the appointment, by Committees of Management, of paid officers.

16. Article 17 determines the Qualifications of Medical Officers to be appointed by Committees, with a proviso leaving it in our power, in Districts where more than one Medical Officer is to be appointed, to sanction the election by the Committee of one or more physicians; in such manner, however, that in these Districts the sick poor shall have at their service Medical Officers, who, amongst them, have full qualifications in Medicine, Surgery, and Midwifery.

17. Article 18 defines and details the duties of the Medical Officer, in respect to his ordinary duty in attending to the sick poor, whether at the Dispensary or at their own homes; in respect to the Vaccination of all persons who shall apply to him for that purpose; in respect to the due keeping of the books prescribed by us to be kept by him, for the record of all cases under his treatment, and of the daily amount and kind of relief afforded by him, and for the classification of the diseases that have occurred in his district; and lastly, in respect to his making such occasional Returns relating to the duties of his office, as may be required from him by his Committee, by the Board of Guardians, or by ourselves.

18. The remaining Rules give directions to the Boards of Guardians respecting the payment of the Salaries of Dispensary Officers, the providing of Medicines, Medical Appliances, and other requisites for Dispensary use, and of Stationery, and the Books to be kept by the Medical Officer of each District.

19. A considerable amount of labour is thrown on the Medical Officers in the keeping of the books we have prescribed to be kept by them; and much complaint was, at first, made of the labour thus imposed: considerable dissatisfaction has also been expressed on account of the expense that would be incurred by the Unions in furnishing the

books. But the labour of keeping the books is indispensable for the due record of the cases treated, and to enable the Committees of Management, the Boards of Guardians, or ourselves through the Medical Inspectors, to ascertain easily and speedily, at any time, and for any time, the work done in each Dispensary District, and the amount and nature of the relief afforded in each to the sick poor. As to the expensiveness of the books, this has been much overrated. The expense of them, taking into consideration, that, in almost all rural Districts, the larger and more expensive of them will serve for one, two, or more years, will be inconsiderable.

20. To some of the Dispensary Books (forms of the whole of which will be found in the Appendix,*) we desire to invite particular attention. The Medical Relief Register (Form F,) contains a record of several particulars respecting each case, the name and residence of each patient; the disease, its duration and result, &c. To the cases in this book are attached numbers, which run from the beginning to the end of the year. By means of the number so attached, and the year, together with the aid of an Alphabetical Index, (Form I,) in which the patient's name, age, and residence, merely, are entered, every particular of importance can, at any future time, be readily ascertained. Thus, if any case become at any time the subject of inquiry, the year and name of the patient being given, the individual can at once be identified and traced in the Register by means of the Alphabetical Index. The number attached to the name in this Index refers to the full particulars entered in the Medical Relief Register, and also to the Prescription Book or Paper, which bears the same year and number and is kept arranged in accordance with them. On the prescription paper will be found recorded the number and dates of the visits paid, or received by, the patient, and an abstract of the treatment of the case.

21. The Vaccination Register (Form G,) contains a record of particulars relating to persons who have applied to the Medical Officer to be vaccinated. Easy reference can be made to any particular case, in the same manner as to cases in the General Relief Register, by means of the Alphabetical Index.

22. The Medical Officer's Case Book (Form H,) is intended for the special and more full record of the treatment of any case which he may consider, for any reason, worthy of such especial detail. Here again, as in the Registers, the particulars recorded respecting each case, can immediately, if need be, be referred to, by recurring to the Alphabetical

Index, where, under the name of the patient, reference is made to the page of the Case Book where the record of the history and treatment of the case will be found.

23. The last book to which we wish to direct attention is the Medical Officer's Monthly Return (Form K). In the first division of this Return is to be found the daily and monthly record of the amount of relief afforded within each District, and of the number of patients attended each day, distinguishing new from old cases, and patients seen at the dispensaries from those visited at their own homes. The last column in this division gives the number of prescriptions daily dispensed, and furnishes a check on the expenditure of Medicine. The second division of the Monthly Return is intended for the classification, daily, of the new cases that present themselves to the Medical Officer. Fifteen columns in this division are devoted to the classification of certain contagious diseases, and others of the more important classes of disease. Four columns in this division have been left with the headings blank, which the Medical Officer is expected to fill, as occasion may arise, at his own discretion, or at our request, with the name of any disease which may suddenly invade his district, or become epidemic, or present any anomaly, which, on account of its practical or scientific importance, may attract his attention or excite public interest or alarm. Thus, in the event of an invasion of Asiatic cholera, or of an epidemic outbreak of typhus fever, scarlatina, or any other contagious disease, we could speedily procure information to be relied on, as to its actual condition, and trace it through its rise, to its acme, and during its decline, among the whole of that large part of the population that has recourse to the Dispensaries for Medical Relief. We need not insist on the importance of information that may be relied upon, of this kind, to guide the Government or local public authorities in regard to the necessity of adopting remedial measures, with the view of checking or extinguishing an epidemic visitation.

24. In a third division of the Monthly Return are to be given, under a few heads, the deaths occurring in each District; and in the fourth and last division a record is to be kept of the number of children vaccinated; the number of dangerous lunatics certified for; and the number of patients attended in any Bridewell or House of Correction that may be within the Dispensary District. This Return might easily be rendered more complete than it is by somewhat enlarging it; but we were desirous of rendering it as little complex at first as is consistent with its affording a considerable amount of valuable information.

25. Having been frequently applied to by Boards of Guardians, on their receiving from Committees of Management requisitions for Medicines for the use of their Dispensaries, for instructions as to the Medicines which it would be proper for them to furnish, we prepared and issued, in the beginning of July, a List of Medicines for the guidance of the Guardians, such as we considered sufficient to meet the ordinary demands of Dispensary practice. We framed this list so as to supply the Medical Officers with a sufficiently liberal variety of the most approved remedies, having, at the same time, regard to economy in our selection of them. The list of Medicines is printed in such a manner as to serve the purpose of two lists, materially differing from one another; one intended for the use of Dispensaries which have an Apothecary, the other for the use of those that have not. To Dispensaries of the latter description it is necessary to supply a considerable number of Compound Medicines, ready compounded by the Druggist, which, in Dispensaries of the former kind, it may be made a part of the duty of the Apothecary, on his being supplied with the crude materials, to compound, himself, for the use of his Dispensary, and thus save, in populous Districts, no inconsiderable part of his salary, in the article of Medicine. The Medicine List is so printed as to furnish the Guardians with a simple guide in providing each of these differently circumstanced Dispensaries with the appropriate Medicines. In the event of any Medical Officer making application for Medicines not to be found in our list, we recommended that he should be called upon for a special requisition, setting forth the circumstances which, in his opinion, rendered it necessary that such remedies should be supplied. A copy of the List of Medicines, and of the Circular which we issued with it, will be found in the Appendix.*

26. As in regard to Medicines, so in regard to the supply of Surgical Instruments, and other requisites, being neither Surgical Instruments nor Medicines, for affording Dispensary Relief to the Poor, we have been frequently applied to by Boards of Guardians, requesting information from us in respect to the requisites of these different kinds, which it would be proper for them to supply. We accordingly, in a Circular addressed to the Guardians, on the 10th of July, expressed to them our opinion, that, of the Surgical Instruments that might be required in Dispensary practice, all such as are either of a perishable nature, or in such frequent use that they should be kept at the Dispensary, or such, that they are consumed by use in individual cases, should be provided for

* App. A, No. 42, 43.

the Medical Officers, at the expense of the districts. We enclosed a List of such Instruments under these three heads, and subjoined a list of other requisites, not falling under the head either of Medicines or Surgical Instruments, which yet are indispensable for properly conducting the business of a Dispensary. In the event of application being made, in the requisitions of Committees, for any article not included in these lists, we recommended the Guardians to take the course suggested by us in cases of application for Medicines not found in our list of Medicines, and to require from the Medical Officer a special statement of the circumstances in support of his application. A copy of the Circular and List of Instruments, &c., here referred to, will be found in the Appendix.*

27. In many instances, also, we have been referred to for advice, by Boards of Guardians, on occasion of requisitions having been presented to them to provide wine, brandy, and other stimulants, beef-tea, arrow-root, and other articles of nourishment, and even groceries, for the use of Dispensary patients. Having arrived at the conclusion, after a careful consideration of the Medical Charities Act, that it was not the intention of the Legislature, as expressed in that Act, that articles of this description should be provided at the expense of the Rate-payers, for dispensary use, we have uniformly opposed ourselves to the establishment of this new form of out-door relief, and refused our sanction to the supply of these articles under colour of their being to be regarded as Medicines or Medical Appliances. At the same time, we pointed out the provision made by law in regard to cases absolutely requiring such articles, which yet, owing to their destitution, the patients might be altogether unable to provide for themselves; namely, the power possessed by the Poor Law authorities to admit such cases into the Workhouse, or Workhouse Fever Hospital, where, under the direction of the Medical Officers of the latter establishments, stimulants, nourishment, and all other requisites can be legally supplied, and the provisional power of Relieving Officers to relieve, out of the Workhouse, destitute persons in cases of sudden and urgent necessity.

28. On the 14th November, 1851, we addressed the Lords Commissioners of Her Majesty's Treasury, requesting their sanction to our proceeding to appoint five Medical Inspectors. We received the necessary sanction from their Lordships on the 3rd of the next month; and on the 12th December, we ap-

pointed John F. Purcell, M.D. and F.R.C.S., Ireland; William J. Geary, M.D.; John Hill, M.B. and F.R.C.S., Ireland; Alexander Knox, M.D.; and Thomas Dillon, M.D. and F.R.C.S., Ireland, Medical Inspectors. For some time after their appointment, these gentlemen were chiefly engaged in giving their assistance to Boards of Guardians in the division of their Unions into Dispensary Districts, in collecting information for our guidance in respect to the same matter, and in making inquiries respecting the claims of Medical Officers to appointment by us to the newly formed Dispensary Districts. They have conducted several investigations on sworn testimony, on occasion of charges brought against Medical Officers, either impeaching their fitness for appointment to Dispensaries or imputing to them neglect in the discharge of their professional duties. After the declaration of Dispensary Districts, they commenced under our direction, and till lately have been engaged in carrying out a systematic inspection of the Dispensaries, in the Districts that have been assigned to them respectively. The whole have been once inspected, and in many cases the inspection has been made a second or third time. At present they are engaged in an inspection of the Infirmaries and Fever and other Hospitals, supported wholly or in part by public funds, excepting those of Dublin and of the Workhouses, with the view of furnishing us with a Report for each Union, of the present condition of these Institutions, as to the amount of relief they afford, their efficiency, the state of their funds, &c.

29. On the reconstitution of the Poor Law Commission, under the Medical Charities Act, in November, 1851, we requested of the Lords Commissioners of Her Majesty's Treasury their sanction to the appointment of an Assistant Secretary of the Commission, in consequence of the increase of business caused by that Act, and with a view to his assisting more especially in the conduct of that portion of the business of the Commission which would arise in the administration of the Act. Their Lordships having approved of this proposal, Mr. Moore, the then Chief Clerk of the Commission, was accordingly appointed Assistant Secretary; and Mr. Banks was promoted to the vacancy thus occasioned in the office of Chief Clerk.

30. Considerable alarm having existed for some time towards the end of autumn, caused by the anticipated immediate approach of Asiatic Cholera, we were in several instances applied to by Boards of Guardians for powers to put in force the provisions of the Nuisances Removal and Diseases Prevention Acts, and especially to enable Dispen-

sary Committees to act as Boards of Health in their respective Districts.

31. We in consequence addressed a Circular to the Guardians (a copy of which will be found in the Appendix*), informing them, that we were unable to give them the authorization they desired, unless empowered so to do by the Lord Lieutenant in Council, but that they were already authorized by that Act, without our intervention, to take the only measures which it would be prudent and advantageous, under the existing circumstances, to adopt; at the same time assuring them, that the energetic adoption and persevering application of those measures would undoubtedly be attended with the most important benefits in the event of the actual outbreak of the disease.

32. In the course of the arrangements for providing Dispensary Buildings after the declaration of the Districts, we were in some instances applied to for our opinion as to the description and extent of accommodation that a building suitable for a Dispensary under the Medical Charities Act should contain. In some cases we were informed that proprietors were prepared to erect a Dispensary at their own cost, or to alter an existing building so as to adapt it to the purpose, with a view of letting it to the Board of Guardians, or of giving it to them at a nominal rent. We accordingly requested Mr. Wilkinson, our Architect, to prepare a plan of a building that should contain the amount and description of accommodation which we considered generally requisite in a Dispensary for a rural district under ordinary circumstances, and that should be capable of enlargement or adaptation to the circumstances of particular districts. We annex in the Appendix† a Report which we received from Mr. Wilkinson, in pursuance of these instructions, together with a Plan for a Dispensary which accompanied it, and which we have circulated, from time to time, as occasion required, through our Medical Inspectors.

33. We likewise annex in the Appendix, copies of Circulars of Instructions and other documents issued by us on various subjects arising under the Medical Charities Act, which show the course of proceeding adopted by us in bringing that Act into operation‡; together with Tabular Statements§, containing statistical details of the Dispensary Districts declared by us under section 6 of the Act, as well as Financial Returns in pursuance of section 20; and also an Abstract of Returns from the Medical Officers showing the amount of Medical Relief afforded, and other particulars in

* App. A, No. 46. † App. A, No. 49, 50. ‡ App. A. § App. B.

reference to each Dispensary District in the respective Unions, classed in Counties and Provinces, with Summaries of the Provinces.

34. We have already stated, in paragraph 3, that we cannot in our present Report render an exact account of an entire year's expenditure under the Medical Charities Act, the formation of the Dispensary Districts not having been completed until an advanced period of the spring of last year, and the latest audited accounts of Union expenditure extending only to 29th September, 1852; all of which, we may here add, are not as yet received. It might be supposed that if all the audited accounts to the 29th September were before us, we could supply from them a very close approximation to the actual expenditure of one half-year, the bulk of the districts having been formed, and most of the arrangements completed, on the preceding 25th March. Following, however, the routine prescribed in the existing Order of Poor Law Accounts, we have directed that no expenses in salaries, medicines, or other requisites should be included in the half-year's accounts, in respect of which an actual disbursement had not been made by the Guardians within seven days after the close of the half-year. According to this system, a considerable part of the expense incurred in one half-year, usually appears in the accounts of the next; and although in future the effect of this arrangement will be compensated, as between one half-year and another, yet it is clear that in the audited accounts of the first half-year this cannot be the case.

35. We have, however, obtained returns from the Clerks of Unions, which show the expenses incurred, although not all discharged, to the 29th September, 1852, to have been £54,289. Looking to the number of Unions in which the districts under the Medical Charities Act were formed before the 25th March, and the number in which they were formed between that date and 27th May, we may regard the whole period in question as equivalent to one half-year's operation of the Act. We are thus enabled to form an estimate of the actual annual expense of working the Medical Charities Act, which may be relied on as nearly accurate.

36. In the first place, we find nearly two-thirds of the whole expenditure is in the nature of a fixed annual charge, consisting of

Rent of Dispensary buildings,	£6,201
Salaries of Medical Officers,	55,242
,, Apothecaries,	1,170
,, Midwives,	105

Amounting in the whole to £62,718 per annum.

The whole cost of Medicines and Medical Appliances to 29th September, 1852, appears to have been £17,219, to which must be added about £6,300 for incidental expenses, excluding rent of buildings: but a considerable part of these expenses must be regarded as incidental only to the commencement of the system; such as the first repairs and fittings of the Dispensaries, the first outfit in books, instruments, and other requisites of a permanent kind. In future half-years, we estimate the whole cost of Medicines, Medical Appliances, and incidental expenses, at £20,000; or at £40,000 per annum; making, with salaries and rent, a total of £102,700 per annum. Having regard to the diminution of pauperism, and the improving circumstances of the country, it is very probable that the expenditure on Dispensary Relief under the Medical Charities Act, will not in future years exceed a total of £100,000 per annum, amounting to an average poundage on the rateable property in Ireland, of 2*d.* and a very small fraction.

37. The pressure of these expenses is, however, very different in different parts of Ireland. In Leinster, the extreme Union poundages are:—1$\frac{5}{10}$*d.* for Navan Union, and 2$\frac{5}{10}$*d.* for New Ross Union; in Ulster, 1$\frac{3}{10}$*d.* for Banbridge Union, and 6$\frac{1}{10}$*d.* for Dunfanaghy Union; in Connaught, 1$\frac{4}{10}$*d.* for Loughrea Union, and 9$\frac{1}{10}$*d.* for Clifden Union; in Munster, 1$\frac{5}{10}$*d.* for Listowel Union, and 7$\frac{3}{10}$*d.* for Kenmare Union, The average poundage on Leinster is 2*d.*; on Munster, 2$\frac{3}{10}$*d.*; on Ulster, 2$\frac{5}{10}$*d.*; on Connaught, 2$\frac{6}{10}$*d.* It is further to be observed, that in some Districts which have a high rate of poundage, Dispensary Relief is a new institution altogether, and therefore the occasion of a new and additional tax on property, while in by far the greater part of Ireland, the levy of the expenditure as part of the Poor Rate is merely a substitution for a previous tax, half voluntary and half compulsory, of nearly the same extent.

38. The proportion of the country which was previously without provision for Dispensary Relief was considerable. In 1849, there were 668 Dispensaries; in 1850 there were 628. Under the new system, there are 723 Dispensary Districts, comprising about 960 separate stations. The previous expenditure on Dispensaries appears from the County Cess returns of 1849 to have been £76,000 per annum; so that allowing for the portion of the population which was previously unprovided with Dispensary arrangements, we have, on the whole, an increase of expense under the new system. It is, however, satisfactory to observe, that nearly two-thirds of the whole cost is in the nature of a fixed annual charge; and that the remainder is guarded in a manner which will make it subject

to very little variation except in seasons of widely-extended epidemic disease, if any such should occur.

39. The advantages introduced and secured by the new Dispensary system are far more valuable to the public at large than any decrease of the previous expenditure could have been; and such decrease we do not consider to have been the object of the Legislature in framing the present law. The benefit of Medical Relief has been extended to the sick poor in many Districts of Ireland, where the absence of resident gentry formerly occasioned a total destitution of medical aid, otherwise than by resort to the Workhouse; and the expenditure for this purpose appears to be derived with peculiar propriety from the fund raised for the relief of the destitute poor; while in districts previously possessing Dispensary arrangements, the tax now falls equally on the property of the absent and on that of the resident proprietors, and is no longer a double charge on the benevolent, first in the shape of voluntary subscription, and next in the shape of County Cess, raised according to the extent of the subscriptions, instead of being raised, as at present, according to the exact degree of existing necessity.

40. The change of system is beneficial to the medical profession, by rendering Officers of Dispensaries no longer dependent on the derogatory task of seeking subscriptions as the basis of an application for an equal grant of County Cess. It has likewise afforded to those officers a practical and sure means of protection, provided they avail themselves of it, against an abuse most fatal to their professional interests, which prevailed extensively under the former system, whereby many contributors to this tax were permitted to look upon themselves, their families, and dependents, as peculiarly the objects of the charity; and led them to expect attendance and advice in return for their subscriptions. We trust that all tendency to abuse of this nature, may, under the present law, be effectually suppressed by a judicious and firm exercise of the power possessed by Dispensary Committees, to cancel tickets for Medical Relief given by the individuals authorized to issue them, to persons not entitled by their position to receive it, and by the publicity which may be expected to arise from discussions in the Committee on such occasions.

41. In conclusion, we submit to your Excellency, that by the proceedings taken under the Medical Charities Act, a system of Extern Medical Relief heretofore imperfectly developed in Ireland, resting on a financial basis at once uncer-

tain in regard to its continuance and partial in its pressure as a tax, and unattended with any definite responsibilities on the part of the agents principally concerned in its administration, has been exchanged for a system uniform in its arrangements, and universal in the scope of its operation; supported everywhere, according to the exigency of the case, by funds levied under the laws existing for the Relief of the destitute Poor, and vitally influenced in its administration by well defined and practical responsibilities under the direction and control of a central authority. Of that central authority, one of the most important functions will henceforth be, to make Inquiry by their Inspectors, and afford redress in all cases of well-founded complaint, in regard to the administration of Medical Relief to the sick poor; and at the same time to protect the character and interests of every Officer who may be exposed to undeserved obloquy, or to any other description of injustice in relation to the discharge of his official duties under the Medical Charities Act.

We have the honor to be,

Your Excellency's obedient, faithful Servants,

A. POWER.

APPENDIX.

APPENDIX (A.)—ORDERS, CIRCULARS OF INSTRUCTIONS, &c., ISSUED UNDER THE MEDICAL CHARITIES ACT OF 1851, 14 & 15 VIC., c. 68.

No. 1.—REQUISITION to BOARDS of GUARDIANS in pursuance of sec. 6 of 14 & 15 Vic., c. 68: issued to each Union in Ireland.

Poor Law Commission Office, Dublin,
12th November, 1851.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call the attention of the Board of Guardians of Union to the 6th section of the Medical Charities Act, 14 & 15 Vic., c. 68,* which directs that "the Guardians of each Union in Ireland shall, when so required "by the said Commissioners for administering the Laws for Relief of "the Poor in Ireland, with all reasonable despatch, divide such Union "into so many Dispensary Districts, having regard to the Extent "and Population of such Districts, as may to them appear necessary."

2. The Commissioners accordingly, in pursuance of the foregoing provision, now require the Guardians of Union, to proceed to divide that Union into Dispensary Districts in accordance with the Act; and request that the Guardians will report to them the arrangements which the Guardians may propose in this respect for carrying into effect the purposes of the above Act, for the consideration of the Commissioners previously to a sealed Order being issued by them under the section above referred to.

3. The Guardians will observe, that under a provision in the same section, an Electoral Division cannot in any case be divided in the formation of a Dispensary District; and the boundaries of Dispensary Districts formed under this Act must therefore be coterminous with those of Electoral Divisions. Neither can a Dispensary District include parts of more than one Union.

4. The Commissioners forward herewith a Form of Return† in which the particulars of the Districts that may be proposed by the Guardians should be entered and forwarded to this Office.

5. The Guardians will also have the goodness to state the date on which they are of opinion that the arrangements for the proposed Dispensary Districts under section 6 of the above Act, should take effect.

6. It will be desirable that the Guardians' reply to this communication as well as any other communication to the Commissioners in reference to the above Act, should be forwarded *in a separate letter,* distinct from the ordinary copy of the Minutes of the Board of Guardians.

By Order of the Commissioners,

To the Clerk of the Board of Guardians of —— Union.

W. STANLEY, *Secretary.*

No. 3.—Further Circular to Boards of Guardians in reference to the Medical Charities Act.

Poor Law Commission Office, Dublin,
29th November, 1851.

Sir,

1. Adverting to the 9th section of the Medical Charities Act, which provides that "every Member of such Dispensary Committee, "and every Relieving Officer and Warden acting for an Electoral "Division included in such Dispensary District, shall have power to "afford Medical Relief by the issue of a Ticket for Medicine and "Advice, or a Ticket, in such form as the said Commissioners shall "prescribe, addressed to the Medical Officer of the District, direct-"ing him to afford Medicine and Advice to or attend any poor "Person resident therein" the Commissioners for administering the Laws for Relief of the Poor in Ireland request that you will furnish them with a Return in the accompanying Form,* of the Name and Place of Residence of every Relieving Officer, and of every Warden appointed in pursuance of section 50 of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, and acting in any Electoral Division in each of the Dispensary Districts that may be proposed by the Guardians to be formed under the above Act.

2. The Commissioners request that you will forward this Return *at the same time with the Statement of proposed Dispensary Districts* called for in the Commissioners' requisition of the 12th instant, if you have not already forwarded that Statement. If you have already forwarded that Statement, you are requested to transmit the Return herein called for, by *return of Post*, if possible.

3. The Commissioners take the opportunity, with a view to avoiding unnecessary delay in further correspondence, of calling attention to that part of their Circular of the 12th instant, in which they requested that the Guardians would have the goodness to state the date on which they are of opinion that the arrangements for the proposed Dispensary Districts under section 6 of the above Act, should take effect: and you are requested to report this information *at the same time with the Return herein requested.*

4. No. 8.—LETTER to BOARD of GUARDIANS, accompanying foregoing Order declaring Dispensary Districts (No 7).

Poor Law Commission Office, Dublin,
14th February, 1852.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have had under consideration the division of the *Milford* Union into Dispensary Districts, as proposed by the Board of Guardians of that Union, in pursuance of the provisions of the

Medical Charities Act, 14 & 15 Vic., cap. 68, and have directed that an Order under their Seal be issued, declaring the Districts accordingly, and providing for the constitution of the Committees of Management for the respective Dispensary Districts. The Order, a Sealed Copy of which is forwarded to the Board of Guardians by this day's post, also contains the necessary directions on other parts of the preliminary arrangements to be made in pursuance of the provisions of the Act.

2. Under section 7 of the Act, all the Ex-officio and Elected Guardians, resident in each District, or being the Owners or Occupiers of property therein, are, by virtue of their Office, to be Members of the Dispensary Committee of such District; and for the completion of each Committee, the Board of Guardians will have to elect, within one month after the receipt of the Order, a sufficient number of Rate-payers resident in the District, and liable to pay Poor Rates in respect of property therein of the net annual value of £30 at least, so as to make up the number of persons of whom the Committee is to consist, under Article 3 of the Order.

3. The Board of Guardians will also, under Article 8, have to fix, as soon as practicable, the time and place at which the first Meeting of each Committee is to be held; and a notification should thereafter be forwarded to each Member of the Committee, as directed in Article 10 of the Order.

4. The 8th section of the Act requires that the Board of Guardians should, as soon after receipt of the Order as conveniently may be, provide a House, Building, Room or Rooms, to be used as a Dispensary or Office for the Medical Officer of each District, and for the Meetings of the Committee of Management; and also that the Board of Guardians should provide such Medicines and Medical Appliances as may be necessary for the Medical Relief of the Poor in the District.

5. The Guardians should accordingly take steps for making the necessary arrangements in these several particulars as soon as possible.

6. The dates referred to in Article 6 of the Order have been named *in the case of Rathmullan and Rosguill Districts, according to the Guardians' Minutes of 8th December last; and in the case of the other Districts, with reference to the earliest period at which the preliminary arrangements above adverted to can be made in conformity with the Act*;* and the Commissioners request the Guardians' attention to the subject of the above arrangements at their first Meeting after receipt of the Order.

7. Your special attention is requested to the duties imposed on you as Clerk of the Union, by Articles 9, 10, and 11 of the Order. You should immediately obtain the authority of the Guardians for procuring the requisite supply of Forms of Notices, &c., prescribed by the Order; and as soon as you are apprized of the appointment of Medical Officers for the several Dispensary Districts having been declared or sanctioned by the Commissioners, you will take care to furnish each of such Officers with the List of the Members of the Committee of Management, &c., and also from time to time with a

notification of any changes therein, as directed in Article 11; so that each Medical Officer may be kept informed at all times of the Names and Residences of all the persons authorized by section 9 of the Act, to issue Tickets for Medical Relief in his Dispensary District.

8.* *The Commissioners have further to call attention to the provision in section* 10 *of the Act, to the effect, that from and after the day named in the Order* (*Article* 6, *and Column* 5 *of the Schedule therein*), "*all* "*provision now made by law, for affording Dispensary Relief from* "*Poor Rate, or by means of Presentment from the County Cess, shall,* "*except for the purpose of defraying expenses incurred before such date,* "*cease as to the Baronies or portions of Baronies or places included in* "*such Dispensary Districts.*" *Under this clause, the Commissioners' Order of* 20*th November*, 1847, *authorizing the appointment of a Medical Officer for the Carrickart and Meevagh Electoral Divisions of the Union, for the purpose of affording Medical Relief out of the Workhouse, under section* 5 *of* 10 *Vic., cap.* 31, *will be superseded from and after the date above referred to; and the provision made under that Act, for affording Medical Relief in the Electoral Divisions in question, will cease from the date at which the arrangements for affording Dispensary Relief under the Medical Charities' Act take effect, as provided in the Order now issued under the latter Act.*

By Order of the Commissioners,

W. Stanley, *Secretary.*

The Clerk of the Board of Guardians of Milford Union.

No. 13.—Form of Letter to Medical Attendants of Dispensaries which were in existence in any Districts on the formation of such Districts under the Medical Charities Act.

—— Union. *Poor Law Commission Office, Dublin,* ——— 1852.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, having had under consideration the arrangements proposed by the Board of Guardians of —— Union for carrying into effect the provisions of the Medical Charities Act, 14 & 15 Vic., cap. 68, in that Union, have directed that an Order be issued declaring the Dispensary Districts into which the Union has been divided, in pursuance of sec. 6 of the Act.

One of these Districts, namely, the —— Dispensary District, consists of the Electoral Divisions of ——, for which [one *or more according to the Order*] Medical Officer [*or* Officers] is [*or* are] to be appointed: and it appears from the statement of existing Dispensaries

received from the Board of Guardians, that you are the Medical Attendant of —— Dispensary, situate in a locality included in such District.

The 14th Section of the Act provides that,

"When, on the Formation of any District under the provisions of this Act, a Medical Practitioner shall be in possession of a Medical Office connected with any Dispensary subject to the authority of the said Commissioners, and situate in the locality included in such District, it shall be lawful for the Commissioners, if they shall think fit, to declare him to be, in the first instance, the Medical Officer or one of the Medical Officers of such new District; and so likewise when two or more Medical Practitioners shall be circumstanced as aforesaid, in case the like number of Medical Officers is required in such new District, it shall be lawful for the said Commissioners, if they shall think fit, to declare such persons to be the Medical Officers of such new District; but in case a smaller number of such Officers shall be required for such District, then it shall be lawful for the said Commissioners, if they shall see fit, to nominate such Persons, or any of them, as the Persons from whom a selection shall be made for a Medical Officer or Officers under the provisions of this Act, by the Parties entitled to appoint to such office: and it shall not be necessary for the said Commissioners, unless they think fit, to reject any such Medical Practitioner so in possession of any such Office before the Formation of such District, by reason of the want of such qualifications as may be required by them in other cases."

Under these circumstances, the Commissioners request that you will inform them whether you are desirous of being declared by them a Medical Officer of the Dispensary District above named, or of being nominated by them as one of the persons from whom a selection is to be made of a Medical Officer for such District, by the Committee of Management of the same, when constituted. In case you are desirous of being so declared or nominated, the Commissioners request that you will fill up and forward to them the enclosed Form*, as soon as possible.

The Salary determined by the Guardians, and approved by the Commissioners, in pursuance of sec. 8 of the Act, for the Medical Officer of the District named, is £ : [*or*, the Commissioners are in communication as to the Salary proposed by them for the Medical Officer.]†

"it shall be lawful for the said Commissioners, if they shall see fit, "to nominate such persons, or any of them, as the persons from "whom a selection shall be made for a Medical Officer or Officers "under the provisions of this Act, by the parties entitled to appoint "to such office: and it shall not be necessary for the said Commis- "sioners, unless they think fit, to reject any such Medical Prac- "titioner so in possession of any such office before the formation of "such District, by reason of the want of such qualifications as may "be required by them in other cases:"

And Whereas it has appeared that the Medical Practitioners named in the second column of the said Schedule were respectively, on the formation of such Districts, in possession of a Medical Office connected with a Dispensary situate in a locality now included in the Districts respectively named in the first column of the said Schedule:

And Whereas it appears to us fitting and expedient that such Medical Practitioners should be declared to be the Medical Officers respectively of the Dispensary Districts against which their names are severally set in the said Schedule:

Now, therefore, in exercise of the powers so vested in Us, We do hereby Order and Declare that the several Medical Practitioners named in the second column of the Schedule hereunto annexed, shall be the Medical Officers of the respective Dispensary Districts against which their names are set.

SCHEDULE referred to in this Order.

Column 1. Names of Dispensary Districts.	Column 2. Names of Medical Practitioners declared to be Medical Officers of such Districts.

No. 22.—FORM of ORDER nominating Medical Practitioners for Selection of Medical Officer by Dispensary Committee, under 14 & 15 Vic., cap. 68, sec. 14.

—— UNION. —— DISPENSARY DISTRICT.

WHEREAS, in exercise of the powers vested in Us by an Act passed in the Fifteenth Year of the Reign of Her Majesty Queen Victoria, intituled, "An Act to provide for the better Distribution, Support, "and Management of Medical Charities in Ireland, and to amend an "Act of the Eleventh Year of Her Majesty, to provide for the Execu- "tion of the Laws for the Relief of the Poor in Ireland," We, the

Commissioners for administering the Laws for Relief of the Poor in Ireland, by an Order under our Seal, bearing date the ——, have declared that the —— Union shall be divided into certain Dispensary Districts for the purposes of the said Act, and that one of the said Districts shall be called the —— Dispensary District, consisting of certain Electoral Divisions of the said Union specified in the said Order :

And Whereas the said Act provides, that "when, on the formation of any District under the provisions of this Act, a Medical Practitioner shall be in possession of a Medical Office connected with any Dispensary subject to the authority of the said Commissioners, and situate in the locality included in such District, it shall be lawful for the Commissioners, if they shall think fit, to declare him to be, in the first instance, the Medical Officer, or one of the Medical Officers, of such new District; and so, likewise, when two or more Medical Practitioners shall be circumstanced as aforesaid, in case the like number of Medical Officers is required in such new District, it shall be lawful for the said Commissioners, if they shall think fit, to declare such persons to be the Medical Officers of such new District; but in case a smaller number of such Officers shall be required for such District, then it shall be lawful for the said Commissioners, if they shall see fit, to nominate such persons, or any of them, as the persons from whom a selection shall be made for a Medical Officer or Officers under the provisions of this Act, by the parties entitled to appoint to such office; and it shall not be necessary for the said Commissioners, unless they think fit, to reject any such Medical Practitioner so in possession of any such office before the formation of such District, by reason of the want of such qualifications as may be required by them in other cases :"

And Whereas it has appeared that ——, of ——, and ——, of ——, were, on the formation of the said District, Medical Practitioners in possession of a Medical Office connected with a Dispensary situate in a locality now included in the said District :

And Whereas the number of Medical Officers to be appointed for the said District is smaller than the number of Medical Practitioners so circumstanced as aforesaid :

And Whereas it appears to Us fitting and expedient to nominate the Medical Practitioners above named as the persons from whom a selection shall be made for the office of Medical Officer, under the provisions of the said Act, by the persons entitled to appoint to such office :

Now, therefore, in exercise of the powers so vested in Us, We do hereby nominate the above named Medical Practitioners as the persons from whom the Committee of Management of the said District shall select the Medical [Officer *or* Officers] for such District.

Sealed with our Seal, this —— day of January, in the Year of our Lord One Thousand Eight Hundred and Fifty-two.

No. 27.—Form of Letter to Board of Guardians on Commissioners' Approval of Medical Officer appointed by a Dispensary Committee.

Poor Law Commission Office, Dublin,
—— 1852.

—— Union. —— Dispensary District.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland having been in communication with the Committee of Management of the above Dispensary District with reference to the appointment of a Medical Officer for the same, I am directed by the Commissioners to enclose, for the information of the Board of Guardians, a Copy of a Letter* which the Commissioners

* No. 26.

have addressed to the Committee expressing their Approval of the appointment of —— to that office.

Your attention is requested to Article 11 of the Commissioners' Order declaring Dispensary Districts in the above Union, in pursuance of which you should immediately furnish the Medical Officer with the List, in the Form E therein referred to, of the Names and Addresses of the Members of the Committee, Relieving Officers, and Wardens acting for any Electoral Division in the District for which he is appointed.

By Order, &c.

To the Clerk of the Board of Guardians of —— Union.

No. 28.—General Rules for the Government of Dispensary Districts under the Act 14 & 15 Vic., c. 68, sec. 12, issued from time to time to the Boards of Guardians, Committees of Management, and Medical Officers of Dispensaries in the several Unions.

To the Guardians of the Poor of the several Unions named in the Schedule hereunto annexed; to the Committees of Management of Dispensary Districts therein; and to the Officers appointed or to be appointed in connexion therewith; and to all others whom it may concern:

Whereas, in exercise of the powers vested in Us by an Act passed in the Fifteenth Year of the Reign of Her Majesty Queen Victoria, intituled, "An Act to provide for the better Distribution, Support, "and Management of Medical Charities in Ireland, and to amend an "Act of the Eleventh Year of Her Majesty to provide for the Exe- "cution of the Laws for the Relief of the Poor in Ireland," We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, by Orders under our Seal, have declared the Dispensary Districts formed under the said Act, in the several Unions named in the Schedule annexed to this Order:

And Whereas We are empowered and directed by the said Act to frame General Rules and Regulations for the Government of each Dispensary District, and for the Guidance and Control of the Guardians, the Committees of Management, and the several Officers to be appointed in connexion therewith, respectively, and to alter or revoke such Rules and Regulations, and make such new Rules and Regulations, from Time to Time, as We may think fit.

Now therefore, in exercise of the powers so vested in Us, We do hereby Order, Direct, and Declare, with respect to each and every of the Unions named in the said Schedule, and each and every Dispensary District formed therein under the said Act, as follows:—

COMMITTEE OF MANAGEMENT.

Article 1.—The Committee of Management shall hold its first Meeting at such time and place as may be fixed for the purpose by the Board of Guardians of the Union in which the District is situate.

Article 2.—At the first Meeting of the Committee, and at the first Meeting after the annual appointment of a new Committee, they shall elect from their own body a Chairman and Vice-Chairman, each of whom shall continue to act as such until the period for the appointment of a new Committee, unless he shall previously die, resign, or become incapable or disqualified by ceasing to be a Member of the Committee. And if a Chairman or Vice-Chairman die, resign his office, or become incapable or disqualified to act as such Chairman or Vice-Chairman, before the expiration of the term of office, the Committee shall, within one month after the occurrence of such death, resignation, incapacity, or disqualification, elect some other Member of the Committee to such office, as the case may require.

Article 3.—The Committee shall at their first Meeting appoint, from their own body, an Honorary Secretary and an Honorary Assistant Secretary, who shall continue to hold their respective offices during the pleasure of the Committee, or until death, resignation, or disqualification by ceasing to be a Member of the Committee.

Article 4.—The Committee shall hold an Ordinary Meeting once in each Fortnight at least, on such day of the week and at such hour as may be fixed by the Committee: and the Committee may adjourn any Meeting to any day earlier than the next ordinary day of Meeting, if they shall deem it necessary to do so.

Article 5.—The Committee may, when they think fit, change the day or hour for their Ordinary Meetings.

Article 6.—At every Meeting of the Committee, the Chairman, or, in his absence, the Vice-Chairman, shall preside; and if at the commencement of any Meeting the Chairman and Vice-Chairman be absent, the Members present shall elect one of themselves to preside at such Meeting as Chairman thereof, until the Chairman or Vice-Chairman (as the case may be) may take the chair.

Article 7.—An Extraordinary Meeting of the Committee may be summoned to be held at any time, upon the requisition of any two Members of the Committee, addressed to the Secretary of the Committee. Every such requisition shall be made in writing, and may be according to the Form A, hereunto annexed; and no business, other than the business specified in the said requisition, shall be transacted at such Extraordinary Meeting.

Article 8.—At every Meeting of the Committee, the Secretary, or, in his absence, the Assistant Secretary, or in the absence of both, some Member of the Committee to be appointed Secretary *pro tempore*, shall record the proceedings of the Committee in a Minute-book to be provided for that purpose: and he shall conduct the necessary correspondence and business of the Committee in accordance with their directions; and shall provide for the safe custody at all times of the books, papers, documents, and correspondence of the Committee.

Article 9.—Notice of every change in the time or place of holding any Ordinary Meeting, and notice of the Adjournment of any Meeting, and notice of any Extraordinary Meeting, shall be given in writing to every Member of the Committee. Every such notice shall be respectively according to the Forms B, C, D, hereunto an-

nexed, and shall be given or sent to every Member of the Committee, or left at his place of abode, two days, if practicable, before the day appointed for the Meeting to which it relates: but if any case of emergency should arise, requiring that an Extraordinary Meeting of the Committee should immediately take place, notice shall nevertheless be given to as many of the Members of the Committee as may be practicable; and they shall meet at the ordinary place of Meeting, and take such case into consideration.

Article 10.—Every question at any Meeting of the Committee shall be determined by a majority of the votes of the Members present thereat and voting on the question; and when there shall be an equal number of votes on any question, such question shall be deemed to have been lost.

Article 11.—The Presiding Chairman shall be entitled to give one vote upon each question that may be submitted to the Committee; but he shall not, under any circumstances, be entitled to any additional vote or casting vote.

Article 12.—At every Ordinary Meeting of the Committee, the business shall be conducted as follows:—

i. The Minutes of the last Ordinary Meeting, and of any other Meeting which may have been held since such Ordinary Meeting, shall be read to the Committee, and signed by the Chairman presiding at the Meeting at which such Minutes are read; and an entry of the same having been so read, shall be made in the Minutes of the day when read.

ii. The Committee shall examine the Register of persons to whom Medical Relief shall have been afforded since the last Meeting of the Committee; such Register to be in the Form F, annexed to this Order, and to be duly entered up and produced at each Meeting of the Committee by the Medical Officer.

iii. The Committee shall give directions regarding all persons so relieved as aforesaid, in pursuance of their powers under the 9th Section of the said Act; and such directions shall be recorded and authenticated in the several columns of the Register, in the manner therein pointed out.

iv. The Committee shall examine the Medical Officer's Return of cases attended daily (Form K); and shall also examine and consider the Reports made and entered by the Medical Officer in his Report Book, (Form L,) since the last Meeting of the Committee, and give the necessary directions thereon, and record the same on their Minutes.

v. The Committee shall, at the first Ordinary Meeting in each month, receive and consider the Medical Officer's Report of the Medicines and Medical appliances used and issued to recipients of Medical Relief, during the past month, and the quantities thereof remaining on hand, and required respectively for the service of the ensuing month; and shall forward the same, or a copy thereof, to the Board of Guardians of the Union, with a requisition for the articles required: and such Estimate and Requisition may be in the annexed Forms M 1 & 2.

vi. They shall also, at the first Ordinary Meeting in each quarter, prepare and forward to the Board of Guardians an Account of any incidental Expenses incurred since the last preceding Quarterly Account, with an Estimate of any similar Expenses for the ensuing quarter.

APPOINTMENT OF PAID OFFICERS.

Article 13.—The Committee of Management of each Dispensary District shall, as soon as may be requisite, and from time to time upon the occurrence of any vacancy, appoint such fit person or persons qualified as may be required by any Order issued by Us the said Commissioners, in force at the time, to perform the duties of the office of Medical Officer in such Dispensary District or in any Division thereof, unless such Medical Officer shall have been appointed or declared by Us in pursuance of the said Act; and the Committee shall appoint such other Officers as they shall be authorized or required by any Order under our Seal to appoint from time to time for the service of the Dispensary District.

Article 14.—Every Officer to be appointed in pursuance of any Order under our Seal, shall be appointed by a majority of the Committee present at any Meeting of the Board, in the manner directed in Article 10; and every such appointment shall, as soon as the same shall have been made, be reported to the Commissioners by the Secretary of the Committee.

Article 15.—Notice of the appointment of any Officer to be made in pursuance of any Order issued under our Seal, shall be given and entered on the Minutes at a Meeting of the Committee, one fortnight at least preceding the Meeting at which the appointment is to be made; and a copy of such notice shall be sent by the Secretary of the Committee to each Member thereof, or an advertisement giving notice of such appointment shall, by the direction of the Committee, entered on their Minutes, be inserted in some public paper at least fourteen days before the day on which such appointment is to be made.

MEDICAL OFFICER.

Article 16.—The Qualification of every Medical Officer to be appointed by the Committee of Management of any Dispensary District, shall be such as is required by the Order of the Commissioners in that behalf, subject to the exceptions specified in such Order; that is to say:—

i. He shall be duly licensed to practise as a Medical Man, and shall have obtained Letters Testimonial of his qualification to practise Surgery, from the Royal College of Surgeons in Ireland, or the Diploma of the Royal College of Surgeons of England, or the Degree or Diploma in Surgery of some other College or Body in Great Britain or Ireland, duly authorized to grant the same, and also a Certificate from some recognised Hospital, or Board or Court of Examiners or other Body duly authorized to grant the same, of his possessing a competent knowledge of Midwifery: Provided that where the number of Medical Officers to be appointed for a Dispensary District shall be more than one, any part of the above quali-

fication may be dispensed with, which We, the said Commissioners, shall, under the circumstances of each case, deem it unnecessary to require.

ii. He shall have reached the age of 23 years.

iii. Provided that any Medical Practitioner who shall be declared by Us to be the Medical Officer of a Dispensary District, or who shall be nominated by Us for selection for the office of Medical Officer of a Dispensary District, under the provisions of the 14th section of the said Act, shall be and is hereby excepted from the operation of this Article.

Article 17.—The Duties of every Medical Officer of a Dispensary District under the said Act, shall be as follows; that is to say:—

i. He shall attend at the Dispensary of the District or Division of a District under his charge, on such days, and at such hours, as the Committee of Management may direct, for the purpose of affording Medical Relief to any poor person applying for the same, and presenting a Ticket as hereinafter provided.

ii. He shall duly and punctually attend upon, either at the Dispensary or at the home of the party on whose behalf application is made, as the case may require, and supply all requisite Medical and Surgical advice and assistance to every Poor Person in the District or Division of a District under his charge, whom he shall be required to attend as Medical Officer, by a Ticket in the Form E 1, or E 2, annexed to this Order, signed by a Member of the Committee of Management of the Dispensary District, or by a Relieving Officer or Warden acting for any Electoral Division or part of any Electoral Division included in such District or Division thereof.

iii. He shall give a certificate under his hand to the Committee of Management, or the Board of Guardians, or the Relieving Officer, when called upon to do so, of the state of health of any Poor Person whom he shall have been required to attend.

iv. He shall keep and duly enter up the Dispensary Register, according to the Form F, hereunto annexed, and lay the same before the Committee of Management at each Ordinary Meeting.

v. He shall Vaccinate all persons who may come to him for that purpose, at the times and places at which he shall be required to attend for the purpose of affording Medical Relief, such persons not having before been successfully vaccinated, and shall do and perform all such other acts and things as may be necessary for the purpose of causing such Vaccination to be successfully terminated: and shall keep a Register, in the annexed Form G, of all cases of Vaccination performed by him; and submit the same to the Committee of Management at each Ordinary Meeting.

vi. He shall keep and duly enter up in the Form I, hereto annexed, an Alphabetical Index to the Medical Relief and Vaccination Registers and to a Case Book, with which he shall be provided (Form H) and in which he shall enter such par-

ticulars as he may deem necessary as to any of the cases attended by him.

vii. He shall lay before the Committee at each Ordinary Meeting a Return, in the annexed form K, of the number of Patients attended by him during the previous fortnight, and shall forward a Monthly Return of the same to the Medical Inspector of the District.

viii. He shall lay before the Committee at each Ordinary Meeting, his Report Book, (Form L,) in which he shall enter any matter which he may deem it necessary to bring under the notice of the Committee; and he shall submit to their consideration any entry which shall have been made therein since the last Meeting.

ix. He shall at the first Ordinary Meeting of the Committee in each month, deliver or forward to the Chairman or Vice-Chairman of the Committee a Statement (in the annexed Form M 1,) of the Medicines and Medical Appliances used during the past month, and of those remaining on hand, with an Estimate of the quantities required for the ensuing month.

x. He shall furnish to the Committee, at each Ordinary Meeting, a separate Account, in the Form N, hereto annexed, of Medicines supplied to Prisoners or Inmates in any Bridewell or House of Correction within his District.

xi. He shall make such Returns appertaining to the duties of his office as shall be from time to time required of him by the Committee of Management, the Board of Guardians, or by Us the Commissioners for administering the Laws for Relief of the Poor in Ireland.

BOARD OF GUARDIANS.

Article 18.—The Board of Guardians shall pay to each Medical Officer, or other Paid Officer appointed for the service of the District, such salary or remuneration as the Commissioners may, from time to time, approve or direct.

Article 19.—The Salary of each Medical Officer and of any other Officer appointed for the service of the District, shall be payable by the Board of Guardians quarterly, (that is to say, to the 25th March, 24th June, 29th September, and 25th December, respectively, in each year,) and proportionably for any part of a quarter for which he may have acted; and his salary shall be payable up to the day on which he ceases to hold his office or employment, and no longer.

Article 20.—The Board of Guardians shall, on receipt of the Monthly and Quarterly Estimates of the requirements of each Dispensary in the Union, and the requisition of the Committee of Management thereon, cause the necessary supplies to be immediately furnished for the use of such Dispensary.

Article 21.—The Board of Guardians shall, on receipt of this Order, and from time to time thereafter, as may be necessary, cause to be provided a sufficient supply of Books, Stationery, and Forms prescribed by this or any other Order under our Seal, and all other

requisites, for the use of each Committee of Management, and a sufficient number of Check Books of Medical Relief Tickets, according to the annexed Forms, E 1 and E 2; and shall cause a sufficient supply of such Check Books to be furnished to each Member of every Dispensary Committee in the Union, and to each Relieving Officer and Warden duly appointed and acting for any Electoral Division in the Dispensary District.

Article 22.—The Board of Guardians shall include in their half-yearly accounts of expenditure, all disbursements made by them during the half-year for the service of each Dispensary District in the Union, charging the same to the several Electoral Divisions comprised therein, according to the nett annual value of the rateable property in each Division, as set forth in the last preceding Rate for the Relief of the Poor.

Article 23.—Immediately after the completion of the half-yearly accounts for the audit thereof by the Auditor of the Union, the Board of Guardians shall cause their Clerk to furnish to the Committee of each Dispensary District, a statement of all items of disbursement for the District which shall have been included in the half-year's accounts; and such statement shall be made in such Form as may be directed or approved by Us.

DIRECTIONS FOR PRINTING AND FILLING UP MEDICAL RELIEF TICKETS.

(*To be inserted on the first leaf of each Check Book.*)

* Tickets in Form E 1 should be presented within the first hour fixed for the Medical Officer's attendance at the Dispensary; and the blank at foot of the Ticket, at the place marked with an asterisk in Form E 1, should be filled accordingly. The hour to be named at foot of the Ticket in Form E 2, at the place marked with an asterisk therein, should be fixed by the Committee in each District, in conjunction with the Medical Officer, according to the circumstances of the District.

Blank Tickets for Medical Relief are to be printed in the Forms E 1 and E 2 in counterparts, and bound up in books. The Ticket and Counterpart are both to be filled up by the person issuing the Ticket; one part to be retained by the person issuing the Ticket, and the other to be detached from the book and given to the applicant for presentation at the Dispensary.

Form E 1, which is the form of Ticket to be issued for Medical Relief to be given on the party *attending at the Dispensary*, is to be printed in *black* ink. Form E 2, which is the form of Ticket to be issued where it is necessary that the Medical Officer should *visit the Patient at his home*, is, for the sake of distinction and convenience, to be printed in *red* ink. Care should be taken in the issue of the Tickets accordingly; and Tickets should be issued in the Form E 2, for visiting at the residence of the applicant, in cases of necessity only.

The Ticket in either form is to be issued for the Dispensary District *in which the applicant is resident;* and care should be taken to fill up the Ticket and apprize the applicant accordingly, as the Medical Officer of each Dispensary District is only bound to attend "any poor person *resident therein.*"

The Christian Name and Surname of the applicant should be inserted in the Ticket in full; and such description of his place of abode (as, Name of Townland, and where necessary the Parish also; or in case of Cities and Towns, the Street, Place, or Row, &c.,) should be given, as will be sufficient for identification and for registration. The age of the applicant and the number of days or weeks since the commencement of his illness, should be stated as nearly as may be practicable.

Directions for filling up the Register, (*to be printed at the beginning of each Book*).

Column 1.—The series of numbers is to run to the end of the year; and a fresh series is to be commenced at the beginning of each year. The same patient is not to have a second number, except in the event of a second or subsequent illness within the year, in which event he should, on presentation of a fresh Ticket, be registered again with a fresh number, as a new case, reference being also made to his previous number.

Columns 2. 3.—The date of first attendance, or presentation of Ticket, is to be inserted in Column 2 in case of attendance at the Dispensary; in Column 3, in case of attendance at the patient's home. A change of attendance on any case from attendance at the Dispensary to attendance at the patient's home, or *vice versa*, should be entered with the proper date.

Column 4.—The Christian and Surname of the Patient are to be inserted in full.

Columns 11, 12.—To be filled in like manner as directed in regard to Columns 2 and 3.

Columns 14, 15, and 16.—The name of the person by whom the Ticket is given is to be entered in one of these three Columns, according to his office as Member of the Committee of Management, Relieving Officer, or Warden, as the case may be.

Columns 17 to 20.—The Chairman of the day when the case is first submitted in the Register to the Committee, should insert his initials in Column 17, and the date of the Meeting at which the case is so submitted, in Column 18. In case the person to whom a Ticket has been given be declared at the Meeting at which the case is first submitted, or at any subsequent Meeting of the Committee, by a majority of the Members then present, not to be a fit object for Dispensary Relief, the Ticket is to be cancelled, and the presiding Chairman should insert his initials in Column 19, and the date of the Meeting at which the direction for cancelling the Ticket is given, in Column 20. Any other particulars or directions as to the case may be inserted in Column 21 under the head of Observations.

I, ARCHIBALD WILLIAM, EARL OF EGLINTON AND WINTON, Lord Lieutenant-General and General Governor of Ireland, do approve this Order.

By His Excellency's Command,

JOHN WYNNE.

No. 29.—LETTER to BOARD of GUARDIANS accompanying General Rules (No. 28).

—— UNION. *Poor Law Commission Office, Dublin,* —— 1852.

SIR,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to forward to the Board of Guardians of the above Union herewith, a Copy of an Order under the Commissioners' Seal, containing General Rules and Regulations, issued by them in pursuance of sec. 12 of the Act 14 & 15 Vic., cap. 68, for the government of the several Dispensary Districts in the Union, and for the guidance of the Board of Guardians and the Committees of Management and Officers of the Dispensary Districts, respectively.

2. The Commissioners have already called the attention of the Guardians to the provisions of the 8th sec. of the Act, which require them to provide the necessary Medicines, &c. : and in reference to the 21st Article of the present Order, which directs that

"The Board of Guardians shall, on receipt of this Order, and from time to time thereafter as may be necessary, cause to be provided a sufficient supply of Books, Stationery, and Forms prescribed by this or any other Order under our Seal, and all other requisites, for the use of each Committee of Management, and a sufficient number of Check Books of Medical Relief Tickets, according to the annexed Forms E 1 and E 2; and shall cause a sufficient supply of such Check Books to be furnished to each Member of every Dispensary Committee in the Union, and to each Relieving Officer and Warden duly appointed and acting for any Electoral Division in the Dispensary District,"—

I am to state, that the Commissioners have made arrangements with Mr. Thom, Printer and Publisher, Abbey-street, Dublin, for the preparation of proper Books and Forms, as prescribed in the Order : and supplies thereof may be obtained of him in the usual manner, by any Unions requiring them of him ; or they may be procured from any other persons from whom the Guardians may think fit to procure them, in which case it will be your duty to see that the Books and Forms are properly prepared, and in accordance with those prescribed, and with the printed directions attached to the respective Forms.

3. With respect to the Check Books of Medical Relief Tickets, (Forms E 1 and 2, which are, for the sake of distinction, to be printed in black and red ink, respectively,) one Book of Tickets of each kind should be supplied to each person authorized by sec. 9 of the Act to issue Tickets for Medical Relief as therein provided : and your attention is requested to your duty as Clerk of the Union, under Article 11 of the Order already issued declaring Dispensary Districts, and to paragraph 7 of the Commissioners' Letter which accompanied the same, in reference to the due notification to the Medical Officer of the Names and Addresses of the several persons authorized to issue such Tickets in each Dispensary District in the Union.

4. The Commissioners will forward a Copy of the enclosed General Rules to each of the Committees of Management of Dispensary Districts in the Union, and to the Medical Officers thereof.

By Order, &c.

To the Clerk of the Board of Guardians
of —— Union.

No. 30.—Instructions to Committee of Management accompanying General Rules (No. 28).

Poor Law Commission Office, Dublin,
—— 1852.

—— Union. —— Dispensary District.

Sir,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to forward herewith to the

Committee of Management of the above Dispensary District, a Copy of an Order under the Commissioners' Seal, containing General Rules and Regulations issued by them in pursuance of sec. 12 of the Act 14 & 15 Vic., cap. 68, for the Government of the several Dispensary Districts in the Union, and for the guidance of the Board of Guardians, and the Committees of Management and Officers of the Dispensary Districts, respectively. A Copy of the Act is also enclosed herewith.

2. The Commissioners have addressed the Board of Guardians in reference to the provision of the necessary Dispensary Rooms, Medicines and Medical Appliances, Books and Forms, for the use of the Dispensary, in pursuance of sec. 8 of the Act, and Articles 20 and 21 of the General Rules.

3. The Commissioners' Order of the [*date*], declaring Dispensary Districts in the above Union, provides that the —— Dispensary District shall consist of the Electoral Divisions of ——, and that the Committee of Management of the District shall consist of —— Members, including the Guardians entitled to act as such, as provided in sec. 7 of the Act: and that one Medical Officer [*or more according to the order*] shall be appointed for the District. The Commissioners have addressed the Committee of Management in a separate Letter,* with respect to the appointment of the Medical Officer [*or* Officers.]

4. The day named in the Commissioners' Order of the ——, declaring the Dispensary Districts under sec. 6, as that from and after which the cost of Medical Relief in pursuance of the Act, with the charges incidental to the same, including the Medical Officer's Salary, are chargeable on the Poor Rates, is the ——, and no expenses incurred previously to that day can be legally paid out of the Poor Rates.

5. In order that the Medical Officer [*or* Officers] may be kept informed at all times o the Names and Residences of all the Persons authorized by sec. 9 of the Act to issue Tickets for Medical Relief in the Dispensary Districts, the Order declaring the Districts in the Union provides as follows:—

"Article 11.—After the completion of the first Committee of Management of any Dispensary District, and after the appointment of any new Committee as aforesaid, the Clerk of the Union shall furnish the Medical Officer or Officers of such District with a List, according to the annexed Form (E), of the Names and Addresses of the Members of such Committee; and also of the Names and Residences of every Relieving Officer and Warden acting as such for any Electoral Division included in such District. And the Clerk shall notify to the Medical Officer or Officers, from time to time, any changes from death or otherwise of Members of the Committee of Management, Relieving Officers, or Wardens in such District."

The Form referred to in the foregoing Article is annexed to the present Letter.†

6. In reference to Articles 2, 3, and 4, of the General Rules enclosed herewith, the Commissioners request that as soon as the Com-

—— Union. —— Dispensary District.

Sir,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to forward to you herewith, a Copy of the Act 14 & 15 Vic., c. 68, and a Copy of an Order under their Seal, containing General Rules issued by them in pursuance of Section 12 of that Act, for the Government of the several Dispensary Districts in the Union, and for the guidance of the Board of Guardians, and the Committees of Management, and Officers of the Dispensary Districts, respectively: *together with a Copy of a Circular of Instructions issued by the Commissioners, dated the 6th July*, 1852.*

2. Your duties as Medical Officer of the above Dispensary District, consisting of the Electoral Divisions of ——, in the —— Union, are set forth in these documents.

3. The 8th section of the Act, and the Regulations above referred to, which have been already transmitted by the Commissioners to the Board of Guardians and Committee of Management respectively, contain the necessary provision in reference to the supply of the requisite Medicines and Medical appliances for the use of the Dispensary, and the Books and Forms to be kept or filled up by the Medical Officer; and it will be your duty to lay before the Committee of Management, from time to time, an Estimate of the Medicines, &c., required for the service of the Dispensary, as provided in Article 17, No. ix., of the accompanying General Rules.

4. In order that the Medical Officer may be kept informed at all times of the names and residences of the persons authorized by Section 9 of the Act to issue tickets for Medical Relief in the Dispensary District, the Commissioners' Order declaring the Districts in the Union provides as follows:—

"Article 11.—After the completion of the first Committee of Management of any Dispensary District, and after the appointment of any new Committee as aforesaid, the Clerk of the Union shall furnish the Medical Officer or Officers of such District with a List, according to the annexed Form (E), of the Names and Addresses of the Members of such Committee; and also of the Names and Residences of every Relieving Officer and Warden acting as such for any Electoral Division included in such District. And the Clerk shall notify to the Medical Officer or Officers, from time to time, any changes from death or otherwise of Members of the Committee of Management, Relieving Officers, or Wardens in such District."

The Form referred to in the foregoing Article is annexed to the present Letter.† In case you do not receive the List in due time, you should apply to the Clerk of the Union for it.

5. In reference to the Registers and Index thereto, and the Monthly Return directed to be kept by the Medical Officer, it is

apparent that their value will mainly depend on their being carefully and regularly entered up; and at the same time the duty of the Medical Officer in this respect will be facilitated by the punctual and regular entry of the requisite particulars, as to the several Cases attended by him, day by day. A Report Book is also directed to be provided, in which you should report to the Committee of Management any matters to which it may be requisite for you to call their attention, in connexion with the due execution of the provisions of the Act and the Regulations, in the District for which you are appointed, and the performance of your duties therein.

6. You will observe, that you are required by the Regulations to forward, on the first day of each month, a Copy of your Monthly Return for the previous month, to the Medical Inspector of the District. As the Inspectors are engaged in various Unions, and their places of address change accordingly, it will be the most convenient course to forward such Return, until otherwise directed, in a Cover addressed to ——, Esq., M.D., Medical Inspector, *at this Office*, whence it will be forwarded to his place of address for the time being.

No. 34.—Instructions as to Appointment of new Committees of Management after Annual Election of Guardians:—Circular to each Union.

Poor Law Commission Office, Dublin,
27th March, 1852.

Sir,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to call the attention of the Board of Guardians to the provision in section 7 of the Dispensaries Act, 14 & 15 Vic., c. 68, which, after providing for the appointment of the first Committee of Management of a Dispensary District, directs that "the Committee so appointed shall hold office until the "appointment of a new Committee, after the next Annual Election "of Guardians in the said Union; and at the first Meeting of the "Guardians after such Annual Election, or as soon thereafter as con-"veniently may be, the Committee of Management for the said "Dispensary District shall be appointed in like manner for the en-"suing year, and so likewise in each succeeding year."

2. Under the provisions of this section, the Guardians who are returned in the recent Annual Election of Guardians will become Members of the respective Committees of Management of Dispensary Districts in the Union; and under the same section the Board of Guardians will have to elect a sufficient number of Rate-payers, resident in each District, and liable to pay Poor Rates in respect of property therein, of the net annual value of £30 at the least, so as, with the Ex-Officio and Elected Guardians qualified and entitled to act on the Committee of each District, to complete the number of Members of whom the Committee of such District is to consist, as fixed by the Commissioners' Order in that behalf.

3. Your attention, as Clerk of the Union, is requested to your duties under Articles 9, 10, & 11, of the Order declaring Dispensary Districts,* in pursuance of which you will, as soon as the new Committees are completed by the Board of Guardians, make a Return of the Names and Addresses of all the Members of each Committee in the Form (A) prescribed for the purpose; and you will take care to forward such Return to this Office in due course. And you will likewise forward the prescribed Notice (Form C) to each Member of the respective Committees so constituted, and the List of their Names and Addresses (in Form E) to the Medical Officers of the respective Districts, in accordance with the Order in that behalf.

By Order of the Commissioners,

W. Stanley, *Secretary.*

No. 35.—APPOINTMENT of WARDENS after Annual Election of Guardians:—Circular to Boards of Guardians.

Poor Law Commission Office, Dublin,
30th March, 1852.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call the attention of the Board of Guardians to the provisions of the 50th section of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, under which the Board of Guardians of every Union in Ireland is required, "within one month after the Annual "Election of Guardians, to appoint a fit person in each Parish or "Townland, or any part thereof respectively, included in such Union, "to be and be styled the Warden for such Parish, Townland, or part "thereof." It appears that in some Unions the provisions of this section have not been duly and regularly complied with: and the Commissioners request the attention of the Guardians to the subject, in reference to the due administration of Medical Relief to the Sick Poor under the Medical Charities Act, 14 & 15 Vic., c. 68, under section 9 of which, Wardens, as well as Members of Dispensary Committees and Relieving Officers, are the parties empowered to afford Medical Relief, by the issue of Tickets for the same as therein provided, after the necessary arrangements for the purpose shall have been made.

2. With regard to the Districts which it may be advisable to assign to the Wardens, it will be observed that a Warden may be appointed for a Parish, or Townland, or any part thereof. The Commissioners apprehend that it will not generally be necessary to appoint a separate Warden for each Townland, or a subdivision thereof; and difficulty might arise in selecting so many persons willing to act as would be requisite for the appointment of these Officers for such Districts, which would in many cases be of very small extent. As the Guardians are enabled to appoint a Warden for a Parish, or any part of a Parish, the Commissioners suggest for their consideration whether it may not be advisable for them so to arrange the Wardens' Districts as to appoint one at least for each Parish, or portion of a Parish, included in each Electoral Division. The Commissioners, however, are desirous that this suggestion should not be understood as intended to limit the Guardians to this number of Wardens, or to interfere with their discretion in regard to the Districts for which they may think it desirable from local circumstances to appoint them in accordance with the Act.

3. As soon as the Wardens for the ensuing year shall have been appointed by the Board of Guardians, the Commissioners request that they may be furnished with a Return, in the enclosed Form,* of their Names and Residences, and of the Districts for which they are respectively appointed, with the other particulars indicated by the Form.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of the Board of Guardians of each Union.

No. 37.—Further Instructions to Dispensary Committees and Medical Officers, as to the Books and Forms prescribed by the General Rules, &c.: (transmitted also to Boards of Guardians, in Circular of 8th July, 1852, No. 41, p. 72.)

Poor Law Commission Office, Dublin,
6th July, 1852.

Sir,

1. Some misapprehension and diversity of practice having appeared to prevail in reference to the mode of filling up some of the Books and Forms required by the General Rules for the Government of Dispensary Districts, to be kept or filled up by the Medical Officer, the Commissioners for administering the Laws for Relief of the Poor in Ireland, deem it advisable to transmit the following observations for the information and guidance of the Officers concerned: and the Commissioners request that you will be good enough to lay a copy of this Circular before the Committee of Management, and to forward or communicate another copy of it to the Medical Officer, or each of the Medical Officers of the District, if there be more than one, for which purpose a sufficient number of copies is forwarded to you.

2. With regard to the Medical Relief Register (Form F), it appears to have been erroneously supposed, in some instances, that each attendance on a patient at the Dispensary, or each visit to a patient at his own home, or elsewhere, is to be recorded in this book, which would render it necessary that the same case should be entered several times in the Register, (either with a fresh number,

or with the same number repeated,) instead of being entered therein once only. That a new entry is not intended to be made during the continuance of the patient's illness, is clearly shown by the Instructions on the Form, which state that, "the same patient is not to have a second number, except in the event of a second or subsequent illness within the year, in which event, he should, on presentation of a fresh ticket, be registered again with a fresh number, as a new case." In this event, a reference should be "also made to his previous number;" and such reference may be inserted in the last column of the Register, under the head of "observations."

3. In regard to the columns 11 and 12, for the "Date of last Attendance" at the Dispensary, or at the patient's home, as the case may be, it would appear to have been supposed in some instances, that this was intended for the date of the last attendance at the time of laying the Register before the Committee, or making up the Monthly Return, or the date of each attendance. The columns here referred to are intended to contain the date of the *final attendance upon the case*, either at the Dispensary, or at the patient's home,—that is to say, the *last* attendance at the termination of the case; column 2 or 3 ("Date of First Attendance"), and column 11 or 12 ("Date of Last Attendance"), taken together, thus showing the duration of the case. In order that the Medical Officer may be enabled correctly to fill up these columns, as well as his Monthly Return (Form K), it will be necessary for him to refer to the prescriptions given in each case. The methodical arrangement and preservation of these prescriptions is, therefore, a matter of much practical importance, and if carefully carried out, will provide a permanent record of the treatment of the patient. The Commissioners annex hereto a form of Prescription, or Treatment Paper,* such as has been adopted in some cases, simplified in some respects, so as to adapt it to be used in the Dispensary Districts generally: the particulars to be entered therein, as to the treatment or prescriptions, may generally be very brief. These Prescription Papers, as well as the Tickets presented on the application for Medical Relief, should be filed and preserved at the Dispensary, as these documents may be required for reference; and the Prescription Papers being regarded as of importance, the Commissioners request that the instructions respecting them may be carefully and regularly attended to.

4. A Ticket for Medical Relief continues in force until it is cancelled by the Committee, in pursuance of the proviso in § 9 of the Act, or as long as the patient continues to present himself at the Dispensary, in the case of a Ticket in the Form E 1, or until the termination of the case, if the Ticket be a visiting Ticket in the Form E 2. In case of the Medical Officer having reason to believe any case to be an unfit one for the continuance of Dispensary Relief, it is competent to him, at any time, to report the circumstances of the case to the Committee for their directions: and with the view of enabling the Medical Officer to discharge any patient from the books, by filling up the column for the last attendance at the

* No. 38, p. 70.

Dispensary in the Register, (Form F, column 11,) it may be necessary for the Committee to adopt some rule or instruction for his guidance in this respect, in cases where the patient ceases to attend for a given period, without being discharged as cured, and without his case being recorded accordingly. In some instances, it seems to have been considered, that if a person has not presented himself at the Dispensary for a fortnight, and in some cases for a period as short as ten days, he should be considered as no longer under treatment; but the Commissioners are disposed to think that this period is too short.

5. With respect to column 13 of the Register, headed "Result; (as relieved, cured, died, &c.,)" a difficulty arises where the patient ceases to attend at the Dispensary without apprizing the Medical Officer. In the case of patients attended by him at their own homes, the Medical Officer will be able, without difficulty, to record the result of a case, which he so attends, to its termination. With respect to patients attended at the Dispensary, in case of uncertainty as to the result after their last attendance there, and where the Medical Officer is not enabled to record their cure, or other ascertained result, he should enter in column 13 the words, "no further appearance," after the date of last attendance contained in a previous column, or make some similar entry, according to the facts of the case.

6. With regard to columns 17 to 20, which are to be filled up by the presiding Chairman of the Committee of Management, at the meetings at which the Register is submitted to the Committee, from time to time, the Commissioners desire to call attention to the last paragraph of the Instructions printed at foot of the form in the General Rules, namely:—

"Columns 17 to 20.—The Chairman of the day, when the Case is first "submitted in the Register to the Committee, should insert his Initials in "Column 17, and the Date of the Meeting at which the Case is so sub- "mitted, in Column 18. In case the person to whom a Ticket has been "given be declared at the Meeting at which the case is first submitted, or "at any subsequent Meeting of the Committee, by a Majority of the Mem- "bers then present, not to be a fit object for Dispensary Relief, the Ticket "is to be cancelled, and the presiding Chairman should insert his Initials in "Column 19, and the Date of the Meeting at which the direction for can- "celling the Ticket is given, in Column 20. Any other particulars or "directions as to the case may be inserted in Column 21, under the head of "Observations."

In some instances it appears that columns 19 and 20 have been filled up as if the Ticket had been cancelled, in every case where the patient had ceased to receive Dispensary Relief, on its being no longer required, and not merely in cases where the Ticket had been cancelled by the Committee, in pursuance of the proviso in § 9 of the Act. Columns 19 and 20, however, are not intended to apply to cases in which Dispensary Relief has been given, and the patient ceases to attend on the termination of the case in the ordinary manner, but should be filled up in reference to *those cases only in which a Ticket for Medical Relief is cancelled*, on the ground that the person to whom the Ticket had been given, and who is *in receipt of Medical Relief, in pursuance of such Ticket, is not a fit object for such relief*, and thereupon becomes disentitled to further relief.

7. With regard to the Vaccination Register (Form G), although the 4th and 16th day are inserted under the head of the "Dates on which observed after Vaccination," it is not required that these two columns should be filled up in all cases, although they should be filled if the children be presented on either of these days; but the Medical Officer should impress on the parents of children brought to be vaccinated, the importance of their being again presented for inspection on the 8th and 12th days, and especially on the 8th day; and the Medical Officer should record such inspection accordingly, as well as the result, in the proper columns in this Register.

8. With respect to the Medical Officer's Case Book (Form H), it appears to have been erroneously supposed, in some instances, that this was intended for a record of *all* cases attended by him. This book is intended, as expressed in the General Rules, for the entry of such particulars as the Medical Officer may deem necessary, as to any case attended by him which he may deem worthy of note, beyond the particulars recorded in the Register; and this book is calculated to be of much use to the Medical Officer in any case, the particulars of which may be entered therein, in the event of such case afterwards becoming the subject of inquiry.

9. With respect to the Index to the Registers and Case Book, (Form I), there is reason to apprehend, that this book is not duly entered up in all cases; but as it has been found to be of much use in tracing the case of any patient, the Commissioners strongly recommend the Medical Officer to keep the Index duly entered up, in accordance with the General Rules, Article 17, No. vi.; and the Commissioners desire to call attention to the following passage in the Instructions issued to Medical Officers, in transmitting the General Rules to them:—

"In reference to the Registers and Index thereto, and the Monthly "Return, directed to be kept by the Medical Officer, it is apparent that "their value will mainly depend on their being carefully and regularly "entered up; and at the same time, the duty of the Medical Officer, in this "respect, will be facilitated by the punctual and regular entry of the requi- "site particulars, as to the several Cases attended by him, day by day. A "Report Book is also directed to be provided, in which you should report "to the Committee of Management any matters to which it may be requi- "site for you to call their attention, in connexion with the due execution "of the provisions of the Act, and the Regulations in the District for which "you are appointed, and the performance of your duties therein."

Inquiries having been made in regard to columns 5 and 7 of the Index, the Commissioners desire to call attention to the Instructions printed at foot of the Form, in the General Rules, which state, with respect to the first of these columns, that

"Column 5 is subdivided, in order to admit the necessary references to "different numbers in the Register, where the same person shall attend and "be registered for more than one illness during the year."

Column 7 of the Index is, of course, to be filled only where the case referred to in the previous columns and entered in the Register, is recorded also in the Case Book, (Form H.)

10. With respect to the Medical Officer's Monthly Return (Form K,) considerable diversity of practice appears to have prevailed, as

well as misapprehension, which has led to unnecessary trouble. In columns 2 to 4 it has in some instances been supposed that *all cases entered in the Register*, whether still under treatment or not, should be accounted for; and in columns 8 to 28, in some instances, the whole number of cases seen or attended daily, have been entered; in other instances, these columns have been confined to new cases only. This Return is intended, as described in the printed headings, to be a Return to be made monthly of the number of patients "prescribed for daily," &c., or as expressed in column 4, the "total number attended daily." The Return is therefore not to include *every case registered* in the Medical Relief Register, but is to be filled up so as to include merely *the number of cases actually seen and attended on each day* at the Dispensary or elsewhere; columns 2 to 4 should show the number of patients *seen or attended on each day*, (excepting children vaccinated, &c., to be entered in columns 34 to 36,) distinguishing in column 2 the number of such cases which are *not* new cases, and in column 3 the number of those which *are* new cases or seen for the first time; and column 4 should contain the total of the two preceding columns, namely, the total number seen or attended each day, whether old or new cases. Columns 5 and 6 are to distinguish the numbers of these cases seen at the Dispensary, and visited at the patients' homes, respectively; column 5 showing the number of patients seen or attended at the Dispensary daily, and column 6 the number visited at their own homes; the sum of these two columns will agree with the total in column 4, if the several columns be filled correctly. Columns 2 to 7 of the Return, both inclusive, show the amount of duty performed daily by the Medical Officer in the ordinary attendance on patients, and include the cases, whether new or old, which are seen or prescribed for at the Dispensary, or visited at their own homes, on each day. No entry is to be made of old cases which, though still under treatment, have not been at the Dispensary, or visited on the day in question.

11. Columns 8 to 28 of the Monthly Return are for the classification daily of the *new* cases, the old cases having been classified on previous days; and the Medical Officer is accordingly requested to enter in the several columns 8 to 28, according to the heads of disease therein specified, merely the *new* cases attended daily, and which are *entered in the previous column* 3.

12. In some instances, column 34 in the Monthly Return for the "Number of Children vaccinated daily," has been left blank. These cases, as well as any which should be entered in columns 35 and 36 of the Monthly Return are *not* to be included in the previous columns of the Return. And where no cases under the heads of columns 35 and 36 are attended during the month, it is desirable that the word "none" should be written across these columns; but in regard to column 34, the Medical Officer should take care to record the number of children vaccinated daily, the particulars of which cases should be duly entered in the Vaccination Register (Form G) already referred to; and the Commissioners desire to impress on him the importance of his duties in regard to the vaccination of all persons who may come to him for the purpose, in pur-

suance of sec. 15 of the Act. In the case of persons coming for vaccination, it is not necessary that a ticket should be obtained and presented to the Medical Officer. The Medical Officer should take care, as far as practicable, to keep up a supply of vaccine lymph, for use at the Dispensary ; and where such supply obtained from children presented to him for vaccination is insufficient, he should make a requisition for the necessary supply, in the ordinary manner.

13. With regard to the Monthly Estimate and Requisition for Medicines, &c., (Forms M 1 and 2), it appears to have been in some cases supposed, that on each occasion when an estimate is sent in, it should contain an account of *all the articles in the Dispensary*, which would involve the necessity of taking stock of the entire contents of the Dispensary on every such occasion. The heading of the Form of Estimate (M 1), is "Monthly Estimate of Medicines, &c., *required* ;" and the particulars indicated in the Form need only be filled up, therefore, in reference to those medicines, &c., *of which a further supply is required*, stating, in the respective columns for the purpose, the stock on hand of these articles after the last previous supply, the quantity since used and remaining, (which can be *estimated* as nearly as may be,) respectively, and the further quantity required.

By Order of the Commissioners,

W. Stanley, *Secretary.*

To the Honorary Secretary of the Committee of Management of each Dispensary District.

No. 38.—Form of Prescription Paper or Treatment Book referred to in foregoing Circular (No. 37).

Prescription Paper.

Name of Patient, ——. No. in Register of year 185 , ——.

Dates of Attendance.	Prescriptions or Treatment.

The Prescription Papers, of which one should be used for a brief record of the treatment of each case, should be kept arranged in the order of numbers corresponding with those in the Register, either in a box or in a book, so that the paper of any patient may be readily referred to. They can either be in loose leaves and be deposited in a box, or it may be more convenient that a book in this form should be provided.

The date of *every* attendance on a patient should be entered, and the description of the treatment or prescriptions may generally be very brief.

No. 39.—Notification by Placards, of Dispensary and Vaccination Arrangements:—Circular to Dispensary Committees, (transmitted also to Boards of Guardians, in Circular of 8th July, 1852, No. 41, p. 72).

Poor Law Commission Office, Dublin,
7th July, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to bring under the notice of the Committee of Management a suggestion which has been adopted in some Dispensary Districts, that with a view, as far as possible, to prevent any impediment to persons obtaining Medical Relief where they are fit objects for it, or persons coming for Vaccination, through ignorance as to the proper parties to whom they should apply, printed Notices or Placards should be procured and posted in conspicuous places throughout the Dispensary District, as well as at the Dispensary itself; such Notices stating the Locality wherein the Dispensary is situate, the days and hours of Attendance at the Dispensary, the name and residence of the Medical Officer, and the names of the Members of the Committee of Management, Wardens, and Relieving Officers, from whom Tickets for Medical Relief in the District may be obtained.

2. A Form of such notice or placard, similar to some which have been adopted in various Unions, is annexed hereto;* and if a notification of this description is not already used in your District, the Commissioners recommend that application should be made to the Board of Guardians, with a view to procure printed copies of such a placard for the purpose adverted to.

3. With this view, the Form of placard should be filled up according to the arrangements of the District, and forwarded to the Board of Guardians, with an application for the number of copies that may be required.

By Order of the Commissioners,
W. Stanley, *Secretary.*

To the Honorary Secretary of the Committee of Management of each Dispensary District.

No. 41.—Vaccine Lymph, &c.; Circular to Boards of Guardians, enclosing Copies of foregoing Circulars (Nos. 37 to 40).

Poor Law Commission Office, Dublin,
8th July, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland forward herewith, for the information of the Board of Guardians, a copy of a Circular which they have directed to be transmitted to the Committees of Management, and Medical Officers of Dispensary Districts, in reference to the mode of filling up the Books and Forms required to be kept by the Medical Officers, under the General Rules for the government of Dispensary Districts, and respecting some other matters relating to the management of the Dispensaries under the Medical Charities Act. The Commissioners also enclose a Copy of a Circular which they have issued to the Com-

mittees of Management, as to the expediency of posting Notices in each Dispensary District, for the information of the poor resident therein, as to the mode of application for Medical Relief or Vaccination.

2. Inquiries as to the mode of procuring Vaccine Lymph, for the use of the Medical Officers of Dispensaries in the vaccination of persons coming to them for the purpose, in pursuance of sec. 13 of the Act, having been received by the Commissioners, they recommend that the Board of Guardians should procure the supplies that may be required for this purpose, from time to time, from the Cow Pock Institution in Dublin, as already suggested by the Commissioners in their Circulars of 7th March and 19th April, 1848, in reference to the supply of Vaccine Lymph for the vaccination of inmates of the Workhouse. The Commissioners understand that in some cases, the orders of the Board of Guardians upon the requisition of the Medical Officers and Committees of the Dispensaries for the supply of Lymph, having been forwarded to Druggists or Contractors for the supply of medicines, they have procured the Lymph from the Cow Pock Institution, whose charge for Lymph so procured is *2s. 6d.* per packet. It would probably be found more economical and convenient for the Guardians to procure the Lymph direct from the Cow Pock Institution, the Directors of which have made arrangements for supplying it to the Dispensaries in Ireland on payment of *10s. 6d.* annually for each Dispensary. As this subscription will insure a regular and sufficient supply of effective Lymph, for each Dispensary District for which the subscription is paid, the Commissioners recommend the Guardians to consider the propriety of procuring the requisite supplies in this manner, if they do not already subscribe to the Institution for this purpose, as has been already done by the Board of Guardians of various Unions.

3. The Commissioners also request the attention of the Guardians to the necessity of seeing that the Dispensary buildings, and the furniture and other property of the Guardians therein, be kept insured against loss by fire. The Guardians should themselves effect insurances on the Union property in the Dispensaries, and should either insure the buildings or make application to the Landlords of them to have them insured, according to the nature of the arrangements under which the building may have been taken.

By Order of the Commissioners,

W. Stanley, *Secretary.*

To the Clerk of the Board of Guardians of each Union.

No. 42.—Medicines proper to be supplied to Dispensaries under the Medical Charities Act: Circular to Boards of Guardians.

Poor Law Commission Office, Dublin, 9th July, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have had under consideration applications which

they have received for information as to Medicines proper to be supplied for the use of Dispensaries under the Medical Charities Act, 14 & 15 Vic., c. 68; and they transmit herewith a List of Medicines* which they have prepared for the assistance of Boards of Guardians, in reference to the Estimates of Medical Officers of Dispensary Districts, and Requisitions of Committees of Management thereon, for the Medicines required by such Medical Officers for use at the Dispensaries.

2. The Commissioners will be prepared to approve of the Guardians furnishing to the Dispensaries in their Union, any of the Medicines mentioned in the enclosed List, which are applied for in the Estimate of the Medical Officer and the Requisition thereon of the Committee, in pursuance of Article 12, No. v., and Article 17, No. ix., of the General Rules for the Government of Dispensary Districts, subject to the Explanation printed on the list.

3. With respect to all other Medicines that may be applied for, for the use of any Dispensary, the Commissioners recommend that they should be made the subject of a distinct Requisition by the Medical Officer applying for them, through the Committee of Management, stating the circumstances which are considered to render such Requisition necessary: and in case of any Medicines not named in the enclosed List being included in the ordinary Requisitions without such a statement, the Board of Guardians should communicate with the Committee or Medical Officer as to the necessity of supplying them.

By Order of the Commissioners,

W. Stanley, *Secretary.*

To the Clerk of the Board of Guardians of each Union.

No. 43.—Enclosure in foregoing Circular (No. 42).

List of Medicines proper to be supplied for Dispensaries under the Medical Charities Act.

Explanation.—The Medicines, of which the names are printed in ordinary Roman type, are such as may be supplied to any such Dispensary.

Those of which the names are printed in *Italics* should be supplied to those Dispensaries only which have an Apothecary in addition to the Medical Officer.

Those of which the names are printed in Small Capitals should be supplied to those Dispensaries only which have not an Apothecary.

No. 44.—Surgical Instruments and other Requisites for Dispensaries, under the Medical Charities Act:—Circular to Boards of Guardians.

Poor Law Commission Office, Dublin,
10th July, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have received communications, from which it appears that considerable diversity of practice exists in regard to the supply of Surgical Instruments for the use of Dispensaries under the Medical Charities Act; and the Commissioners having in various instances been applied to for their opinion as to the description of instruments which it would be proper for the Board of Guardians to supply, where the Dispensary is not already supplied with them, they desire to state that as a general rule, they are of opinion that where a requisition for such instruments is made through the Committee, in pursuance of Article 12, No. v., and Article 20, of the General Rules for the government of Dispensary Districts, the Guardians should cause to be supplied such Surgical Instruments as are of a perishable nature, or such as are so constantly required in Dispensary practice that they should be kept at the Dispensary, or such as are consumed by use in individual cases.

2. For the assistance of the Board of Guardians in reference to any such requisitions received by them, the Commissioners transmit herewith a List of Instruments which may be deemed to be included in the three classes above described, as also a List of other Requisites, which should be furnished for the use of the respective Dispensaries.*

* No. 45, p. 79.

3. In case of any other Instruments being applied for, or in case of doubt whether any particular Instruments not mentioned in the annexed List come within the above description, and whether it would be proper for the Board of Guardians to supply them for Dispensary use at the cost of the Poor Rates, the Commissioners will be prepared to give their opinion, if requested by the Guardians.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of the Board of Guardians of each Union.

No. 46.—Removal of Nuisances, &c.:—Circular to Boards of Guardians.

Poor Law Commission Office, Dublin,
19th October, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland, having received Inquiries in reference to the powers of Boards of Guardians in Ireland under the Nuisances Removal and Diseases Prevention Acts of 1848 and 1849, (11 and 12 Vic., c. 123, and 12 and 13 Vic., c. 111,) deem it advisable at the present time to call the attention of Boards of Guardians to the provisions of those Acts; and the Commissioners have directed that a copy of the two Acts referred to be enclosed herewith.

2. Under sec. 1 of the first named Act, the Board of Guardians and other local authorities therein designated are empowered, in case of complaint, to take proceedings for the abatement of Nuisances in connexion with houses or property, for the cost of abating which the owners or occupiers of the premises are responsible. On receipt of a Notice signed by two or more inhabitant householders, representing the existence of any of the causes of complaint described in the Act, and setting forth that the premises referred to in such notice are in such a condition as to be a Nuisance or injurious to health, the Guardians are empowered, after due examination, to proceed against the owner or occupier of the premises in manner provided in the Act, with a view to the removal of the cause of complaint if the same be

not previously abated: and in case of his non-compliance with any order of Justices in this behalf, the Guardians or other authorities named for the purpose may themselves cause the Nuisance to be abated and removed. Sections 3 and 4 provide for the payment of the costs and expenses thus incurred, which should be recovered from the owners or occupiers as therein provided, wherever practicable; but the latter section is so far modified by sec. 7 of the second Act, that such expenses incurred by the Guardians may, in certain cases described, where not so recoverable, be charged by the Guardians upon the poor-rates of the Electoral Division in which the premises are situate. It will be observed that under sec. 5 of the second Act, Justices may act in Petty Sessions in cases brought before them under these Acts, although they may be ex-officio Guardians of the Union.

3. The powers given by sec. 1 of the first Act for the removal of Nuisances, are extended by sec. 6 of the second Act, which dispenses with the necessity of a notice from householders, and enables the Board of Guardians and other local authorities to take proceedings for the removal of any of the causes of complaint specified in the first Act, upon a Certificate of their existence from any Medical or Relieving Officer of the Union, or from two Constables. The Guardians are thus enabled themselves to take measures for the removal of Nuisances by the agency of their own Officers: and the Commissioners request the attention of the Guardians to the subject with a view to their considering the propriety of calling upon the Medical and Relieving Officers of the Union to certify to them from time to time any Nuisances of the kinds described in the Act, which may come under their notice in the course of their performance of the duties of their office in their respective districts, so far as this may be practicable without interfering with their ordinary duties.

4. The Form of Certificate of the Medical or Relieving Officer may be similar to the Form of Notice, (Schedule A,) for the use of householders, as annexed to the first Act, or to the like effect; and it may be convenient for the Guardians, with a view to avoid unnecessary delay and expense, to cause their Relieving Officers to be provided with blank Forms of Certificate, to be filled up where they find such Nuisances to exist, and to instruct them to leave a copy of any such Certificate with the occupier of the premises to which it may relate, with a view to the latter removing the cause of complaint without a resort to legal proceedings. This however would not dispense with the necessity of any of the other steps prescribed by sec. 1 of the Act, wherever it is necessary to go on with such proceedings. For the convenience of the Guardians, the Commissioners have caused a Form of Certificate to be prepared, and to be transmitted annexed hereto,* together with the Acts in question.

5. Some misapprehension having appeared to prevail as to the effect of the provisions of the 19th section of the Medical Charities Act (14 & 15 Vic., c. 68,) the Commissioners have deemed it right to make this communication to the Board of Guardians, in reference to their powers in the removal of Nuisances, &c., under the Acts previously referred to, the Guardians and other local authorities

* No. 47, p. 83.

designated for the purpose being fully authorized to perform such functions as are assigned to them in this behalf, by sections 1 to 8 of 11 & 12 Vic., c. 123, and sections 6 & 7 of 12 & 13 Vic., c. 111, without any further authority from the Commissioners, whose intervention for these purposes is wholly unnecessary to enable the Guardians and other local authorities to proceed in accordance with those sections; the powers and duties of those authorities under the provisions here referred to not being at all interfered with or affected by the provisions of the Medical Charities Act.

6. The Commissioners have in some instances been requested to constitute the Committees of Management of Dispensary Districts as local Boards of Health, or Sanitary Committees, with a view to the removal of Nuisances and other sanitary measures. The Commissioners have, however, no power to constitute the Dispensary Committees for other purposes than those provided for in the Medical Charities Act, and the General Rules for the government of Dispensary Districts issued in pursuance thereof, namely, the management of the business of the Dispensaries; the contingency under which, in the event contemplated in secs. 9 and 10 of the 11 & 12 Vic., c. 123, their functions might be extended under sec. 19 of the Medical Charities Act, to other sanitary purposes, not having yet arisen, and the orders in Council issued in 1848 and subsequent years, under sec. 9 of the first-named Act, having expired.

7. The appearance of Asiatic Cholera as an Epidemic in parts of the Continent of Europe, although not at present calling for any extraordinary provision for the treatment of Epidemic Disease in this Country, and not affording ground for immediate alarm, nevertheless renders it desirable that the attention of the Guardians should be directed to those steps which may be taken in the removal of Nuisances, &c., as precautionary measures for the preservation of health: and to this end, the careful and vigilant attention of all those public and local bodies to whom authority is given for enforcing sanitary precautions, and the removal of causes which may be injurious to health at any time, and especially in the event of the recurrence of Epidemic Disease in this Country, appears to be demanded at the present time: and the Commissioners will be prepared to afford the Guardians any advice and assistance in their power in reference to these objects.

8. The Commissioners desire to impress on the Guardians the importance of any precautionary measures which they are empowered to carry into effect, in the removal of Nuisances, &c., being adopted *before* the appearance of Epidemic Disease; inasmuch as many measures of this nature, which might be safely and advantageously resorted to at the present time, might tend to aggravate the evil they are intended to provide against and alleviate, if deferred until the actual appearance of such Disease. The Commissioners desire further to point out that any such measures will also be of service as precautions against Epidemic Fever. Typhus Fever has long been the scourge of Ireland, attributable in a great measure no doubt to causes not removable by the Guardians, but also, to a very great extent, the result of the undrained filthy state of the worst parts of

almost every Irish Town, unknown and unvisited by those in better circumstances; but when once Fever is prevalent, it extends its ravages to all classes, and is even more fatal to the rich than to the poor. It may at the same time be observed that any precautions of the kind herein adverted to, which tend to prevent or diminish the prevalence or virulence of epidemic or contagious disease amongst the poor, will no doubt tend also to the saving of the rates, by diminishing the demands for relief at the cost of the rates.

9. The Authorities who are empowered to take steps for the removal of Nuisances are designated in sec. 1 of the Nuisances Removal and Diseases Prevention Act of 1848, and in sec. 6 of the Amendment Act of 1849. Where there is, in any Town, Parish, or other locality within any Union, a Town Council, Trustees, Commissioners, Officers of Health, or other local body, it is probable that these Officers, being on the spot in their respective localities, may be able more effectively to carry into effect such measures as may be necessary for the removal of Nuisances, in those localities, than the Board of Guardians of the Union at large: but the Board of Guardians, although authorized to incur certain expenses themselves in certain cases, are not authorized to provide other bodies with funds for the purposes referred to.

10. The existence of such bodies, however, does not deprive the Board of Guardians of their own powers and functions in the same localities: and sec. 6 of the second Act appears to devolve the duties in question more immediately upon the Guardians. Under sec. 1 of the first Act, the Board of Guardians can, if they think fit, appoint a Committee of Members of their own body, for the purpose of carrying into effect the provisions in question; and this power may enable the Board of Guardians to provide more effectively and conveniently for the due execution of the Acts in remote parts of the Union, where there may be no other body authorized to take the necessary proceedings in this behalf; such Committees reporting their proceedings from time to time to the Board of Guardians at their Weekly Meetings.

By Order of the Commissioners,
ARTHUR MOORE, *Assistant Secretary.*

To the Clerk of the Board of Guardians of each Union.

No. 48.—Charges for Medical Relief and Vaccination Expenses in Half-yearly Abstracts of Union Accounts.

Poor Law Commission Office, Dublin,
18th October, 1852.

Sir,

1. With reference to the preparation of the Abstract of Accounts of the Union for the half-year ended 29th ultimo, I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to draw your attention to the Columns in Form 5 B, headed respectively, "Medical Relief," and "Vaccination Expenses," which columns were intended, the first for expenses incurred under section 5 of 10 Vic., c. 31, in cases where Medical Officers were appointed to afford Medical Relief out of the Workhouse under that section, and the other for expenses incurred under Vaccination Contracts in pursuance of 4 & 5 Vic., c. 32; and I am to state, that as the above provisions of the Acts referred to are now superseded by the 10th and 13th sections of the Medical Charities Act, 14 & 15 Vic., c. 68, you should be careful not to enter in the

above named columns of the Abstract any expenses, except any that may have been incurred prior to the date at which the provisions of the Medical Charities Act came into operation in your Union, and that may not have been previously brought to charge in the Accounts; and except in such case, the two columns referred to, as well as the words, "including Medical Relief," in the column at present headed "Total on account of In-Maintenance and Out-door Relief, &c.," should be struck out.

2. You will also take care to insert in the "Insurance Return" on the back of Form 5 B, the particulars of any Insurance against Fire effected upon the respective Dispensaries and property therein, within the Union, where they are insured by the Guardians in pursuance of the recommendation in the Commissioners' Circular of the 8th July last, which stated that "the Commissioners request the "attention of the Guardians to the necessity of seeing that the Dis-"pensary buildings, and the furniture and other property of the "Guardians therein, be kept insured against loss by fire. The "Guardians should themselves effect insurances on the Union pro-"perty in the Dispensaries, and should either insure the buildings "or make application to the Landlords of them to have them insured, "according to the nature of the arrangements under which the build-"ings may have been taken."

By Order of the Commissioners,

ARTHUR MOORE, *Assistant Secretary.*

To the Clerk of each Union.

No. 49.—PLANS for DISPENSARY BUILDINGS.—Copy of a Report to the Poor Law Commissioners for Ireland, accompanying a Plan for a Dispensary under the Medical Charities Act; by GEORGE WILKINSON, Esq., Architect of the Commissioners.

Dublin, October 30th, 1852.

GENTLEMEN,

Herewith is a Plan,* prepared agreeably to your instructions, for a Building suitable for a Dispensary.

The plan is necessarily a general one, and shows an arrangement that appears the most convenient and economical for providing what is required, viz. :—a Waiting Room for Applicants, a Porter's Room, large enough for containing a Press Bed, &c., or for division by a partition, in which case a small Window can be added; a Room for a Dispensing Room, and a Room adjoining to serve as a Committee Room, and also as a Consulting Room. The Committee Room can, as shown, be provided with a separate entrance.

The Dispensing Room is proposed to contain a large Press, with framed closet fronts, or glazed fronts, and to be fitted up with shelves and drawers for Medicines and other requisites. Over the Porter's Room, which could be ceiled and boarded over, a place could be provided for putting away any boxes or packages, to be approached

* No. 50, facing page 86.

from the hall, the latter being lathed or ceiled on the underside of rafters.

In the rere is a yard containing a Shed for Turf, with the necessary conveniences.

The work is proposed to be executed in Rubble Walls, 20 inches thick, neatly pointed or plastered outside, according to the locality or the nature of the materials. (The Dispensing Room and Committee Room, if lined with brick on the inner surface, would, where limestone or other non-absorbent stones are used, be rendered more dry.) Neatly pointed rubble masonry, with carefully executed, neatly pointed, brick angles to the jambs of doors and windows, and to the quoins, set square and level, would be a suitable mode of finish. Where materials are favourable, the inside of walls to be plastered.

The Rooms to be floored with inch boards, on joists resting on dwarf walls. The Hall to be either flagged, laid with brick, or boarded.

Where a greater extent of accommodation is required, and apartments are wanted for a resident Medical Officer, the addition of an upper story, on a plan similar in general arrangement to the present, would effect it.

Where a new building may be unnecessary and existing premises are proposed to be adapted for the purpose, the plan herewith may be taken as exhibiting the extent of accommodation or general arrangement necessary, though the disposition of the plan of the rooms may be expected to vary according to the nature of the existing building and local peculiarities.

I have, &c.

George Wilkinson, *Architect.*

P.S.—The cost of a Building, according to the Plan, may be calculated at from £200 to £250.

No. 51.—Date from which Annual Series of Numbers is to commence in the Dispensary Books, &c.—Circular to Medical Officers in reference to Inquiries received.

Poor Law Commission Office, Dublin,
29th December, 1852.

Sir,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have received communications from the Medical Officers of various Dispensary Districts, in reference to the direction on Column 1 of the Form of Medical Relief Register (Form F.)*

* Page 53.

which states that "the series of numbers is to run to the end of the year, and a fresh series is to be commenced at the beginning of each year;" and inquiries having been made in these communications, whether the year is to be taken as commencing on the 1st of January in each year, or to be reckoned from the date at which Dispensary Relief under the Medical Charities Act commenced in the respective Districts, or from what other date, the Commissioners deem it advisable to state for the guidance of the Medical Officers generally, in reference to the Medical Relief Register, that the year should be considered as terminating with the 31st of December, and a new series of numbers be commenced with the commencement of each new year on the 1st of January.

2. It will not however be necessary to close the existing Register Book, and commence a fresh Book, unless the present Book be filled. The existing Register should continue to be used until it is filled up, a short space being left between the last case in the old year and the first case in the new year; the date of the new year (1853 for the next year,) being also inserted immediately above the first entry for the new year.

3. The same course should be followed in regard to the Vaccination Register (Form G.)

4. The Index (Form I.) may be adapted in like manner by adding the year on the respective leaves where necessary, if there be space in the present book that may be considered sufficient to contain the entries for another year; but if not, a fresh Index book should be obtained and commenced with the new year.

5. The Commissioners take the opportunity to observe that they have received from their Medical Inspectors in many cases, Monthly Returns (Form K.), purporting to have been forwarded to them by the Medical Officers of Dispensaries under the Medical Charities Act, but without the names of the Dispensary District and Union being stated in the blanks left for the purpose in the Form, and without the signature of the Medical Officer or place of date, or any other indication by which the Dispensary District to which the return may have reference, or the Medical Officer by whom it may have been forwarded, could be ascertained. In order to avoid the inconvenience resulting from such omissions, and to obviate the necessity of calling upon the Medical Officer in such case, to make out a fresh return, the Commissioners request that the Medical Officer will be good enough to see on each occasion of forwarding his Monthly Return to the Inspector, that the blanks at the head of the return for the Names of the Dispensary District and Union in which it is situate, respectively, be duly filled up; and the return should be duly signed by the Medical Officer and dated with the date of its transmission by him to the Inspector.

By Order of the Commissioners,

W. Stanley, *Secretary.*

To the Medical Officer of each Dispensary District.

APPENDIX (B).—TABULAR RETURNS.

[Note.—In the following Tables, the Unions are classed in the Counties and Provinces in which the Workhouse or central place of each Union is situate; but many of the Unions comprise parts of more than one County or Province. The total of Population, &c., of the Unions in the respective Counties and Provinces, as herein arranged, will not, therefore, agree with the summaries of those Counties and Provinces in the Census Returns, from which the Population, Area, and Valuation, as amended, are taken. An Alphabetical Index Table of Unions is annexed (No. 5), showing the Counties of which portions are contained in each Union, and referring to the table and page in which the particulars of each Union are to be found. An Alphabetical Index List of the Dispensary Districts is likewise annexed (No. 6), with similar references, and the name of the Union in which each District is situate.]

[a] **Donegal Union.**—The Dispensary Districts of this Union were declared by Order dated 24th February, 1852, under which the Mountcharles District consisted of five Electoral Divisions, and the Dunkineely District of two Electoral Divisions, according to the original proposition of the Board of Guardians. By an Order dated 5th November, 1852, one of these Electoral Divisions (Inver) was transferred from the Mountcharles District to the Dunkineely District, and the several Districts are now constituted as shown in the Table. The particulars of the two Districts, as constituted previously to the latter Order, were as follows:—

a Kilkeel Union.—Appointment of a Midwife for Kilkeel District, authorized by Order of 15th July, 1852.

b Newry Union.—Appointment of a Midwife for Warrenpoint District, authorized by Order of 25th June, 1852.

c Newry Union.—The number of Districts originally formed in this Union by the Declaration Order of 16th January, 1852, was nine, in accordance with the proposition of the Board of Guardians; the Donaghmore District consisting of three Electoral Divisions, and the Pointzpass District of one Electoral Division. The localities included in both of these Districts were attended, previously to the passing of the Medical Charities Act, by one Dispensary Medical Officer, who was afterwards re-appointed under sections 8 and 14 for the two Districts: and on a subsequent application by the Board of Guardians, these two Districts were formed, by an Order of 9th June, 1852, into one District, called the Donaghmore and Pointzpass District, the particulars of which are given in the table; and the same Medical Officer was reappointed. The following are the particulars of the two Districts separately, as constituted previously to the latter Order.

a Lowtherstown Union.—The names of the two Electoral Divisions of Magheraculmoney East, and Magheraculmoney West, in this Union, were altered, by Order dated 30th November, 1852, the name of the former Electoral Division being altered to Magheraculmoney, and of the latter to Kesh. The first-named Electoral Division was transferred by an Order of 25th May, 1852, from the Lowtherstown Dispensary District, in which it was included by the Declaration Order of 27th April, 1852, to the Ederney Dispensary District. The Lowtherstown District (originally declared to consist of eight Electoral Divisions) consists of seven Divisions; the Ederney District (originally declared to consist of seven Electoral Divisions) consists of eight Divisions; and the Dispensary arrangements have been brought into operation accordingly, the particulars of the Districts being as shown in the table.

[a] Galway Union.—This Union was formed into five Dispensary Districts, by the Declaration Order of 4th March, 1852;—one District (the Galway District), consisting of three Electoral Divisions; and one District (the Arran District), consisting only of the Inishmore Electoral Division, which is formed of the Island of that name. These two Districts were formed into one District, by an Order of the 27th January, 1853, whereby the Inishmore Electoral Division was added to the Galway Dispensary District, the particulars of which, as now constituted, are shown in the table. The following are the particulars of the two Districts above referred to, as constituted previously to that alteration.

No 2.—List, in pursuance of § 20 of 14 & 15 Vic., c. 68, of all Dispensary Districts in the several Unions in Ireland (arranged in Provinces and Counties):—showing the Number of Dispensaries in each District, the ascertained Annual Expenses of each Dispensary District, and the actual Expenditure from the Formation of each District to 29th September, 1852:—being an Abstract of Returns from the respective Clerks of Unions.

Note on Table, No. 2.

Column 4:—In various instances in which Rent does not appear in this Table as part of the Annual Expenses, the Dispensary of the new Dispensary District is held in a house which was used for a Dispensary in the District, under the late system, or in a court-house or other public building, the use of which is obtained by the Guardians for the purpose, or in a house granted by the proprietor, rent-free or at a nominal rent.

In some other cases, the amount agreed upon and entered in Column 4 of the Table includes a provision for the attendance of a Caretaker or Porter at the Dispensary, and, in some cases, for the supply of Fuel also.

Column 5:—In some instances, where two of the new Districts, in different but adjoining Unions, comprise Electoral Divisions which were attended by the Medical Officer of one Dispensary under the late system, the same Medical Officer has been re-appointed, under the Medical Charities Act, for both Districts, the salary being determined accordingly by the Guardians of the respective Unions, in reference to the extent of District in each Union, the particulars of which are given in Table No. 1. For instance, the same Medical Officer was appointed for the Crossakeel District, in Oldcastle Union, and the Clonmellon District, in Castletowndelvin Union; for the Church Hill District, in Ballyshannon Union, and the Ely District in Enniskillen Union; for the Lahy District, in Donegal Union, and the Ballintra District, in Ballyshannon Union; for the Ahascragh District, in Ballinasloe Union, and the Clonbrock District, in Mountbellew Union; also for the Virginia District, in Oldcastle Union, and the Crossbane District, in Bailieborough Union; for the Ballyjamesduff District, in Oldcastle Union, and the Termon District, in Bailieborough Union; for the Drumquin District, in Omagh Union, and the Drumquin District, in Castlederg Union; and other similar cases.

Columns 9–14:—In regard to the blanks appearing in these columns, it is to be observed that the Expenses incurred but not discharged, within the period from the commencement of the Dispensary arrangements in the new Districts to the 29th September, 1852, being brought to account in the accounts of the Union for periods subsequent to that date, will appear in a future statement for the year within which such expenses shall have been paid. The amounts in Columns 4 to 8 show the fixed Annual Expenses of the several Dispensary Districts and Unions, under the Medical Charities Act; and Columns 9 to 14 show the amounts paid for all purposes under that Act, and included in the Union Accounts to 29th September, 1852, as actual disbursements up to that date. See paragraph 34 of the Report.

No. 3.—Abstract of Returns from the Medical Officers of Dispensary Districts in the several Unions in Ireland (arranged in Provinces and Counties):—showing, from the Date of the First Case registered to the 30th September, 1852, the Number of Cases in which Medical Relief has been afforded to Patients, at the Dispensary or at their own Homes; the Number of Cases of Vaccination performed; the Number of Cases in which Tickets for Medical Relief, under sec. 11 of 14 & 15 Vic., c. 68, have been Cancelled by the Committee of Management under the same section; and the Number of Attendances of the Medical Officers at the Dispensaries and at Patients' Homes, &c.

Note on Table, No. 3.

Column 3.—The Numbers in this Column are the total Numbers of Cases attended and recorded in the Medical Relief Register by the Medical Officers, according to special returns received from them, from the commencement of such registry (the date of which is given in Column 10, for each District), to the 30th September, 1852; including Cases attended at the Dispensary and Cases visited at the Patient's Home. In many instances, however, the administration of Dispensary Relief was not interrupted during the change from the old to the new system; and Medical Relief, under the Medical Charities Act, had been commenced in the District previously to the date above referred to: but, owing to various circumstances incident to the commencement of the new system, the registry appears not to have been universally commenced at the same time with the commencement of relief under the new system. Some cases were, it appears, attended and relieved, in many Districts, between the termination of the old Dispensary arrangements and the date above referred to, without being recorded in the Medical Relief Register of the new Dispensary District; and such cases are consequently not included in the returns from which this Abstract is made. Future annual returns will contain the numbers for one complete year.

Columns 5 to 9 are abstracted from the Medical Officers' Monthly Returns, as forwarded by them from time to time through the Medical Inspectors (Form K, p. 55). At the commencement of the new system, some misapprehension and diversity of practice prevailed as to the mode of filling up the returns in question, as adverted to in the Circular of 6th July, 1852 (App. A., No. 37): and the returns for the first portion of the period included in the Table may probably not, in some cases, be so accurate as the returns since the issue of that Circular, and as future Abstracts from similar returns, may be expected to be.

[a] Galway Union; Galway District.—See note on Table No. 1, page 115. The numbers here returned are for the Galway District only, as constituted up to 30th September, 1852, the arrangements for Arran District (now forming part of the Galway District,) not having been brought into operation up to that time.

[b] Oughterard Union: Oughterard District.—The numbers for this district (for which there are two Medical Officers and two dispensary stations) are from the returns of one of the Medical Officers (the Oughterard station), only: the other Medical Officer states that the Ticket Books were not issued until 5th November, on which date the first case in his part of the district is registered, but that he had attended the Lettermore dispensary station in this District from the 13th August, 1852.
